

The Small One

A young boy braves the perilous big city to sell the family donkey. When no potential buyer offers a warm home, tender care, and genuine concern for the welfare of the donkey, the young lad becomes thoroughly disheartened. Fields, Factories and Workshops Kropotkin Peter Kropotkin, 2021-02-15 Introduction by George Woodcock It would not be an exaggeration to describe this book as the central work of Kropotkin's writing career In one way or another it occupied more than twenty years of his life It is a work of argument and suggestion rather than dogmatic statement and the very tentativeness of this great book make its perceptions all the more relevant With at one time Kropotkin's view of our future might have been regarded as a Utopian dream today as a result of the growing realization that the world's resources of energy and raw materials are finite that food is our most precious commodity and that people's working lives are futile and stultifying the lessons of this book for both the rich world and the poor are topical and hopeful In addition to a general introduction to the most significant aspects of Kropotkin's life and thought George Woodcock has prepared a comprehensive afterword to each essay allowing the reader to fully see Kropotkin's ideas in the context of the world a century later Is the 9th volume of the The Collected Works of Peter Kropotkin Table of contents Editor's Introduction Preface to the Second Edition Preface to the First Edition Chapter 1 The Decentralization of Industries Editor's Afterword to Chapter 1 Chapter 2 The Possibilities of Agriculture Editor's Afterword to Chapter 2 Chapter 3 Small Industries and Industrial Villages Editor's Afterword to Chapter 3 Chapter 4 Brain Work and Manual Work Editor's Afterword to Chapter 4 Chapter 5 Conclusion Editor's Epilogue 1994 255 pages index **Supply Chain Project Management** James B.
