Small Wars The Cultural Politics Of Childhood:

Small Wars Nancy Scheper-Hughes, Carolyn F. Sargent, 1998 A wake up call to those who are honestly concerned with global childhood safety Carol Stack author of *All Our Kin* **Small Wars** Nancy Scheper-Hughes, Carolyn F. Sargent, 1998 A wake up call to those who are honestly concerned with global childhood safety Carol Stack author of *All Our Kin*

Childhood Chris Jenks, 2004-11 Childhood is an extremely complex and highly contested concept It refers to a life phase as well as to the age group defined as children but is also a cultural construction part of the social and economic structure of communities The key scholarship collected introduced and reprinted in these volumes reflects this complexity and introduces the reader to the wide variety of interpretations that have been and continue to be placed on it It might be suggested that the push or initiative in theorizing childhood has derived from advances within sociology and anthropology However the future provides potential for interdisciplinary study which this collection also reflects The contemporary study of childhood must comprise a conjoining of disciplines sociology anthropology psychology social geography history philosophy and socio legal theory all have something to add to the field and are represented within the collection **Feminism and the Politics of**

Childhood Rachel Rosen, Katherine Twamley, 2018-02-22 *Feminism and the Politics of Childhood* offers an innovative and critical exploration of perceived commonalities and conflicts between women and children and more broadly between various forms of feminism and the politics of childhood This unique collection of 18 chapters brings into dialogue authors from a range of geographical contexts social science disciplines activist organisations and theoretical perspectives The wide variety of subjects include refugee camps care labour domestic violence and childcare and education Chapter authors focus on local contexts as well as their global interconnections and draw on diverse theoretical traditions such as poststructuralism psychoanalysis posthumanism postcolonialism political economy and the ethics of care Together the contributions offer new ways to conceptualise relations between women and children and to address injustices faced by both groups Praise for *Feminism and the Politics of Childhood* Friends or Foes This book is genuinely ground breaking Val Gillies University of Westminster *Feminism and the Politics of Childhood* Friends or Foes asks an impossible question and then casts prismatic light on all corners of its impossibility Cindi Katz CUNY This provocative and stimulating publication comes not a day too soon Gerison Lansdown *Child to Child* A smart innovative and provocative book Chandra Talpade Mohanty Syracuse University This volume raises and addresses issues so pressing that it is surprising they are not already at the heart of scholarship Ann Phoenix UCL **Children, Youth and Development** Nicola Ansell, 2016-08-08 The new updated edition of

Children Youth and Development explores the varied ways in which global processes in the form of development policies economic and cultural globalisation and international agreements interact with more locally specific practices to shape the lives of young people living in the poorer regions of the world It examines these processes and the effects they have on young people's lives in relation to developing theoretical approaches to the study of children and youth This landmark title brings

together the stock of knowledge and approaches to understanding young people's lives in the context of development and globalization in the majority world for the first time. It introduces different theoretical approaches to the study of young people and explores the ways in which these along with predominantly Western conceptions of childhood and youth have influenced how majority world children have been viewed and treated by international agencies. Contexts of globalisation and growing international inequality are explored alongside more immediate contexts such as family and peer relationships. Chapters are devoted to groups of children deemed to be in need of protection and to debates concerning children's rights and their participation in development projects. Young people's health and education are considered as is their involvement in work of various kinds and the impacts of environmental change and hazards including climate change. The book introduces material and concepts to readers in a very accessible way and within each chapter employs features such as boxed case studies, summaries of key ideas, discussion questions and guides to further resources. This edition has been updated to take account of significant changes in the contexts in which poor children grow up, notably the financial crisis and changing development policy environment as well as recent theoretical developments. It is aimed at students on higher level undergraduate and postgraduate courses as well as researchers who are unfamiliar with this area of research and practitioners in organisations working to ameliorate the lives of children in majority world countries.

Underbelly Rachel Hall-Clifford, 2024-05-14. An unsettling exploration of the hidden power dynamics of global health seen through the lens of childhood diarrhea and its treatment within the Guatemalan context. Deaths from childhood diarrhea seem preposterous in high income countries. Yet for children under five years old in the rest of the world diarrhea is the third highest cause of mortality. Despite a glut of prevention and treatment programming spanning more than forty years, this least glamorous of global health ills remains a critical problem. In *Underbelly*, Rachel Hall Clifford takes a hard look at the pathways of global health funding and development policies and the outcomes they deliver for recipient individuals and communities. Drawing on fifteen years of ethnographic research in highland Guatemala, Hall Clifford focuses on the provision of primary health care services as a critical exemplar of how global health and development programs fall short. Guatemala has a fragmented health system, the author explains, that guarantees health as a human right but also suffers from systemic racism, inadequate health services and access to those services, community distrust from a legacy of harm and violence and a demeaning paternalism. Bringing together the discourses of global health and medical anthropology, *Underbelly* explores the ways in which global health, its actors, structures and systems perpetuates the challenges it purports to fix. This is the *Underbelly*, Hall Clifford argues, that global health programs conceived in offices distant from the places in which they are delivered often have unintended consequences and contribute to pluralistic and exclusionary health systems that mirror neoliberal economies. She argues that if we are to fix this entrenched crisis of health inequity, we must use the immense resources of global health to center local communities as drivers of change. With a foreword written by Waleska Lopez Canu, an Indigenous Maya medical

director and an afterword by Arthur Kleinman renowned expert in global health this book underscores the importance of looking deeper into what seems on its surface incontrovertibly good to understand the more complex realities on the ground and in people's lives

An Introduction to Childhood Heather Montgomery, 2011-09-09 In *An Introduction to Childhood* Heather Montgomery examines the role children have played within anthropology how they have been studied by anthropologists and how they have been portrayed and analyzed in ethnographic monographs over the last one hundred and fifty years Offers a comprehensive overview of childhood from an anthropological perspective Draws upon a wide range of examples and evidence from different geographical areas and belief systems Synthesizes existing literature on the anthropology of childhood while providing a fresh perspective Engages students with illustrative ethnographies to illuminate key topics and themes

Life at the Center Erica Caple James, 2024-05-28 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more In *Life at the Center* Erica Caple James traces how faith based and secular institutions in Boston have helped Haitian refugees and immigrants attain economic independence health security and citizenship in the United States Using the concept of corporate Catholicism James documents several paradoxes of assistance arising among the Catholic Church Catholic Charities and the Haitian Multi Service Center how social assistance produces and reproduces structural inequalities between providers and recipients how these inequities may deepen aid recipients dependence and lead to resistance to organized benevolence how institutional financial deficits harmed clients and providers and how the same modes of charity or philanthropy that previously caused harm can be redeployed to repair damage and rebuild charitable brands The culmination of more than a decade of advocacy and research on behalf of the Haitians in Boston this groundbreaking work exposes how Catholic corporations have strengthened but also eroded Haitians civic power

Children Catherine Allerton, 2020-05-27 Conducting ethnographic fieldwork with children presents anthropologists with particular challenges and limitations as well as rewards and insights *Children Ethnographic Encounters* presents ten vivid accounts of researchers experiences of working with children across a variety of cultural contexts Part of the *Ethnographic Encounters* series the book offers honest reflections on successes as well as failures and shows that in all cases even those that failed anthropologists can learn something about children's position in their social world Going beyond the usual focus on North America and Europe the text offers comparative insights into the nature of childhood in different societies The chapters provide first hand accounts of fieldwork with children in diverse geographical places such as Mexico the Ecuadorian Amazon Rwanda central India Thailand Malaysia and China The book provides hope encouragement and inspiration to anyone planning to undertake ethnographic fieldwork with children and provides important insights to students and researchers working in the growing field of anthropology of children and childhood in childhood studies and related fields

Forgetting Children Born of War Charli Carpenter, 2010-06-03 Excellent well documented thoughtful and comprehensive *Forgetting*

Children Born of War challenges the prevailing discourse on human rights and humanitarian intervention ALISON BRYSK
University of California Irvine **International Companion Encyclopedia of Children's Literature** Peter
Hunt,2004-08-02 Children s literature continues to be one of the most rapidly expanding and exciting of interdisciplinary
academic studies of interest to anyone concerned with literature education internationalism childhood or culture in general
The second edition of Peter Hunt s bestselling International Companion Encyclopedia of Children s Literature offers
comprehensive coverage of the subject across the world with substantial accessible articles by specialists and world ranking
experts Almost everything is here from advanced theory to the latest practice from bibliographical research to working with
books and children with special needs This edition has been expanded and includes over fifty new articles All of the other
articles have been updated substantially revised or rewritten or have revised bibliographies New topics include
Postcolonialism Comparative Studies Ancient Texts Contemporary Children s Rhymes and Folklore Contemporary Comics
War Horror Series Fiction Film Creative Writing and Crossover literature The international section has been expanded to
reflect world events and now includes separate articles on countries such as the Baltic states the Czech and Slovak Republics
Iran Korea Mexico and Central America Slovenia and Taiwan The Politics of Hiding, Invisibility, and Silence Rhys Dafydd
Jones,James Robinson,Jennifer Turner,2016-03-17 What is absence What is presence How are these two phenomena related
Is absence merely not being present This book examines these and other questions relating to the role of absence and
presence in everyday politics Absence and presence are used as political tools in global events and everyday life to reinforce
ideas about space society and belonging Between Absence and Presence contains six empirically focussed chapters
introducing case study locations and contexts from around the world These studies examine how particular groups
relationships with places and spaces are characterized by experiences that are neither wholly present nor wholly absent Each
author demonstrates the variety of ways in which absence and presence are experienced through silence forgetting
concealment distance and the virtual and constituted through visual aural and technological Such accounts also raise
philosophical questions about representation and belonging what must remain absent and what is allowed to be present Who
decides and how Whose voices are heard Recognizing the complexity of these questions Between Absence and Presence
provides a significant contribution in reconciling theorizations of absence with everyday life This book was published a sa
special issue of Space and Polity **Agency and Ownership in Reconciliation** Caitlin Mollica,2024-04-01 The importance
of youth s substantive participation for the realization of inclusive reconciliation practices has rarely been acknowledged
Agency and Ownership in Reconciliation provides a comprehensive nuanced and empirical account of the contribution of
young people s voices to the success of transitional justice and peacebuilding practices Caitlin Mollica illustrates the role of
political will and agency in the development of transitional justice mechanisms that are substantively inclusive of those
traditionally marginalized by post conflict institutions most notably youth In doing so she highlights the importance of youth

to lasting peace and meaningful justice She does so by looking specifically at how truth and reconciliation commissions from South Africa to the Solomon Islands engage with the voices of youth and the meanings youth self ascribe to their experiences during truth and reconciliation commission processes In a field which traditionally prioritizes stories about youth Agency and Ownership in Reconciliation looks to center stories by youth

Children in China Orna Naftali, 2016-03-31 Chinese childhood is undergoing a major transformation This book explores how government policies introduced in China over the last few decades and processes of social and economic change are reshaping the lives of children and the meanings of childhood in complex contradictory ways Drawing on a broad range of literature and original ethnographic research Naftali explores the rise of new ideas of child care child vulnerability and child agency the impact of the One Child Policy and the emergence of children as independent consumers in the new market economy She shows that Chinese boys and increasingly girls too are enjoying a new empowerment a development that has met with ambiguity and resistance from both caregivers and the state She also demonstrates how economic restructuring and the recent waves of rural urban migration have produced starkly unequal conditions for children s education and development both in the countryside and in the cities Children in China is essential reading for students and scholars seeking a deeper understanding of what it means to be a child in contemporary China as well as for those concerned with the changing relationship between children the state and the family in the global era

Encyclopedia of Anthropology H. James Bix, 2006 Focuses on physical social and applied anthropology archaeology linguistics and symbolic communication Topics include hominid evolution primate behaviour genetics ancient civilizations cross cultural studies and social theories

Children and Migration Marisa O. Ensor, 2010-09-09 Providing a comprehensive analysis of the increasingly common phenomenon of child migration this volume examines the experiences of children in a wide variety of migratory circumstances including economic child migrants transnational students trafficked stateless fostered unaccompanied and undocumented children

Abandoned Children Catherine Panter-Brick, Malcolm T. Smith, 2000-08-03 This book is a collection on abandoned children illustrating the need to contextualise their position in particular cultural situations

Childhood, Youth, and Social Work in Transformation Lynn M. Nybell, Jeffrey J. Shook, Janet L. Finn, 2009-01-30 Social workers today not only face competing claims concerning the rights and needs of children and youth but they also confront contradictions between policy and practice Social workers are expected to fight for the best interests of the child even though financial support for children s welfare and education grows scarce They are asked to save children at risk while at the same time they are urged to protect communities from risky children and they are encouraged to leave no child behind while also implementing zero tolerance policies to keep educational environments free from troubled youth A cutting edge text that deals directly with the confusion and complexity of modern child welfare Childhood Youth and Social Work in Transformation features contributions from a truly interdisciplinary group of practitioners scholars and activists Examining the theoretical political and practical aspects of

working with youth today this volume breaks free from existing modes of thought and strategies of practice and prompts readers to critically reflect on accepted approaches and new possibilities of action Contributors analyze how economic political and cultural changes over the last several decades have reshaped the experiences and representations of children and youth in the United States They examine conceptions of troubled children and youth in contemporary policies and programs and assess why certain discourses about troubling youth are so compelling to professionals policymakers and the public In conclusion these skilled professionals explore the reinvention of social work policy and practice including the need to forge relationships that respect the experiences rights and personhood of children and youth

Transnational Migration and Childhood Naomi Tyrrell, Allen White, Caitriona Ni Laoire, Fina Carpena Mendez, 2013-09-13 This book challenges the adult centric tendencies of migration research and policy which often overlooks children and young people's own experiences of migration A wide range of international contributors provide careful analysis of the situations of children in contemporary transnational migratory contexts in the Global North and South Drawing on studies with migrant children and young people in a variety of situations Transnational Migration and Childhood makes a unique contribution to furthering our understandings of transnational childhoods It explores the laws and policies that govern children and young people's experiences of transnational migration whilst foregrounding their own accounts of migration and transnationalism The book shifts our attention away from dominant discourses of migrant children as victims towards the development of broader conceptualisations of transnational migration and childhood It incorporates different migratory flows a variety of sending and receiving contexts and child centred perspectives Transnational Migration and Childhood will be of interest to researchers and policy makers working in the fields of migration asylum and childhood at local national and transnational scales This book was originally published as a special issue of the Journal of Ethnic and Migration Studies

Childhoods at the Intersection of the Local and the Global R. Ame, 2012-10-23 Childhoods at the Intersection of the Local and the Global examines the imposition of the modern Western notion of childhood which is now deemed as universal on other cultures and explores how local communities react to these impositions in various ways such as manipulation outright rejection and acceptance The book discusses childhoods in different regions of the world and boasts a range of contributors from several academic disciplines such as Sociology Social Work Education Anthropology Criminology and Human Rights who are experts on the regions they discuss The book argues against the notion of a universal childhood and illustrates that different societies around the world have different notions of childhood This book is recommended reading for students scholars and practitioners working with children in the Global South as well as internationally
