Conan Volume 1: The Frost-Giant's Daughter and Other Stories Kurt Busiek,2005-03-29 When the internationally famous barbarian hero returned to comics with an all new fresh start by award winning writer Kurt Busiek JLA Avengers Astro City and dynamic artists Cary Nord Thomas Yeates and Dave Stewart the result was instant sell outs and multiple printings to keep up with the demand Now Conan s earliest adventures are collected in a handsome 192 page collection Catch all the action and savagery as he wars with the murderous Vanir meets the Frost Giant s Daughter and is taken as a slave by the ancient sorcerers of Hyperborea This top selling new series faithfully expands on original author Robert E Howard s literary creation Collecting issues 0 6 and fourteen pages from issue 7 of the ongoing series Writer Kurt Busiek treats him with the dignified respect due one of the towering figures in fantasy literature it feels like historians unearthed a vibrant bloody tapestry These are once again the days of high adventure Entertainment Weekly Morris: Small Friends and other stories and poem ,2023-01-10 The short stories and poems in this collection were written by students at King George VI School and centre for physically disabled children in Zimbabwe s second city Bulawayo HIV and AIDS have had a devastating effect on all the communities of Zimbabwe and those with disabilities have not been exempt from the effects of the virus as is reflected in many of the pieces in this collection The book clearly demonstrates both the talent of the students and their concern about the issues facing their community and wider society Some of the stories and poems tell the stories of their lives some come straight from their imagination and some simply speak of their dreams for a better future **Lost, Hidden, Small** Kate Haynes Murphy,2025-10-14 I loved this book for its wisdom message and welcome its depth and its many charms especially the clear and deeply human voice of the author Pastor Kate ANNE LAMOTT In this stirring book of spiritual formation a pastor asks What if the abundant life lies in finding what s been lost uncovering what is hidden and learning to hope in what is small The Christian industrial complex teaches us that whatever is centered celebrated and large is a movement of God and that Jesus is at work in existing structures So why are we surprised that many churches are

obsessed with power size and reputation and that people are leaving them in droves Jesus warned us not to expect his reign to resemble the empire He knew it would be hard for us to recognize true faithfulness so he gave us sacred stories In parables we learn of lost coins and sheep and people being found of hidden treasure being uncovered and of small and weak things that heal and transform In the tradition of clergy writers like Barbara Brown Taylor and Gregory Boyle pastor Kate Murphy excavates the wisdom of Jesus's parables She tells stories of failures in the dominant church of broken places within herself and of an exploding watermelon that sends her over the edge Through practices like shalom kinship surrender failure and humility we find our lost selves in Christ seek a God who hides and see the glory of infinitesimal things Living faithfully in a culture of violence hierarchy and supremacy Murphy maintains means following Jesus into weakness loss and even despair But this is not some bitter prescription for a dying church It's the story of how sometimes what seems undesirable actually satisfies Sometimes what looks as if it will diminish you ends up being what saves Sometimes following the way of Jesus means letting yourself be astounded by the authentic grace of what is lost hidden and small
