Making Good the Claim Rufus Burrow Jr., 2016-02-16 The Church of God Reformation Movement founded in 1881 has the distinction of having been founded on the two core principles of holiness and visible unity Standard histories of the group proudly argue that the founder and pioneers exhibited a zeal for interracial unity that began to wane only in the early years of the twentieth century This book rejects that claim and argues instead that little to no extant hard evidence supports that view Moreover Making Good the Claim argues that while blacks eagerly joined the group they did so not because whites expended much energy evangelizing among them but because they heard something deeper in the message of holiness and

visible unity than God's expectation that members achieve spiritual and church unity Unlike most whites blacks interpreted the message to call for unity along racial lines as well This book challenges members of the Church of God to begin forthwith to make good their historic claim about holiness and visible unity particularly as it applies to interracial unity **Divine**

Healing: The Years of Expansion, 1906-1930 James Robinson, 2014-05-07 In the present volume James Robinson completes his trilogy which deals with the history of divine healing in the period 1906-1930 The first volume is a study of the years 1830-1890 and was hailed as a standard reference for years to come The second book covers the years 1890-1906 and was acclaimed as a monumental achievement that combines careful historical scholarship and a high degree of accessibility This volume completes the study up to the early 1930s and like the other two works has a transatlantic frame of reference Though the book gives prominence to the theology and practice of divine healing in early Pentecostalism it also discusses two other models of healing the therapeutic and sacramental promoted within sections of British and American Anglicanism Some otherwise rigorous Fundamentalists were also prepared to practice divine healing The text contributes more widely to medical and sociocultural histories exemplified in the rise of psychotherapy and the cultural shift referred to as the Jazz Age of the 1920s The book concludes by discussing the major role that divine healing plays in the present rapid growth of global Christianity
