

A photograph of four firefighters in full protective gear, including helmets and bunker coats, standing in a line against a smoky, dark background. The firefighter on the far right is in the foreground, looking down, while the others are further back, looking forward. The image has a high-contrast, slightly grainy quality.

Smokejumpers of the Civilian Public Service in World War II Robert C. Cottrell, 2014-12-24 This is the story of Civilian Public Service smokejumpers who battled against dangerous winds searing heat and devastating fires from 1943 until 1945 Fewer than 300 World War II conscientious objectors served their country in this fashion operating out of CPS bases in Montana Idaho and Oregon But that small band of men helped to keep alive Forest Service operations in the Pacific Northwest and thus sustained a program to fight potentially crippling fires When the war ended CPS smokejumpers like millions of World War II combat soldiers were ushered out of wartime service Some like many returning GIs encountered difficulties in adjusting to civilian life Nevertheless the one time smokejumpers often went on to make other remarkable contributions to their communities their nation and the world **A Great Day to Fight Fire** Mark Matthews, 2013-07-17 Mann Gulch Montana 1949 Sixteen men ventured into hell to fight a raging wildfire only three came out alive Searing the fire into the nation s consciousness Norman Maclean chronicled the Mann Gulch tragedy in his award winning book *Young Men and Fire* Still the silence of the victims families robbed Maclean s account of an essential personal dimension Shifting the

focus from the fire to the men who fought it Mark Matthews now provides that perspective Not until 1999 the fiftieth anniversary of the fire did people begin to talk openly about Mann Gulch Matthews has garnered those thoughts to reveal how devastating the fire was to the firefighters family members coworkers and friends In retelling the story of Mann Gulch he draws on the testimony of the three survivors including never before published insights from the last living member of the team and interviews with former smoke jumpers of that era The result is a moment by moment heart stopping re creation of events The Mann Gulch tragedy provoked the Forest Service to develop safety equipment and training programs but fighting wildfires is still a perilous job Matthews stirring account renews our respect for one of nature s primal forces A heartbreakingly human story it still haunts a firefighting community and keeps today s firefighters forever on guard
