Essays on Anton P. Chekhov Robert Louis Jackson, 2023-05-30 This long awaited collection brings together in one volume the definitive essays on Anton Chekhov by renowned Chekhov scholar Robert Louis Jackson including work that has never appeared in English as well as brand new essays published here for the first time The volume offers a series of slow readings that yield insight after exquisite insight They also model fruitful ways of discerning the rich complexity of Chekhov's deceptively simple work The volume's introduction by Robin Feuer Miller captures beautifully what Jackson undertakes in his careful scrutiny of Chekhov's text The editor's afterword by Cathy Popkin includes passages from the editorial correspondence in which Jackson reflects on his work and articulates his aspirations the authorial voice thus resounds in the section Jackson expected to write himself The editor also outlines the arguments and insights of Jackson's remarkable unfinished essays Finally an appendix provides the full text of his virtually complete but still open ended treatment of On Official Business the story Jackson returned to repeatedly for decades the previously unpublished culmination of his life's work on Chekhov

Italian Cinema and Modern European Literatures Carlo Testa, 2002-03-30 The history of cinema

and notably that of post war Italian cinema can only be understood adequately in the context of other contiguous cultural disciplines World literature including that of France Germany and Russia played a key role in the development of post war Italian film and the cinematic technique it has come to embody Moving away from the usual modes of defining this period a trajectory that begins with neorealism and ends with Bertolucci author Carlo Testa offers proof that coming to terms with literary texts is an essential step toward understanding the motion pictures they influenced The means of recreating literature for the screen has changed drastically over the last half century as has the impact of different national traditions on Italian cinema Testa s work is the first to explicitly and deliberately link postwar Italian cinema to general intellectual concerns such as the relationship between literary authors and cinematic auteurs Moreover his analysis of the impact of French German and Russian cultures on Italy brings forth a new reading of Italian cinema a new paradigm for exploring complex issues of authorship culture and art
