

A sepia-toned portrait of Stephen Crane, a man with dark hair and a mustache, wearing a dark suit and tie. He is looking slightly to the right of the camera with a serious expression. The background is a plain, light-colored wall.

STEPHEN CRANE
A SHORT STORY COLLECTION

Stephen Crane From Parody To Realism

Michael Davitt Bell

Stephen Crane From Parody To Realism:

The Problem of American Realism Michael Davitt Bell, 1993-04-15 Ever since William Dean Howells declared his realism war in the 1880s literary historians have regarded the rise of realism and naturalism as the great development in American post Civil War fiction Yet there are many problems with this generalization It is virtually impossible for example to extract from the novels and manifestoes of American writers of this period any consistent definitions of realism or naturalism as modes of literary representation Rather than seek common traits in widely divergent realist and naturalist literary works Michael Davitt Bell focuses here on the role that these terms played in the social and literary discourse of the 1880s and 1890s Bell argues that in America realism and naturalism never achieved the sort of theoretical rigor that they did in European literary debate Instead the function of these ideas in America was less aesthetic than ideological promoting as reality a version of social normalcy based on radically anti literary and heavily gendered assumptions What effects Bell asks did ideas about realism and naturalism have on writers who embraced and resisted them To answer this question he devotes separate chapters to the work of Howells and Frank Norris the principal American advocates of realism and naturalism in the 1880s and 1890s Mark Twain Henry James Stephen Crane Theodore Dreiser and Sarah Orne Jewett Bell reveals that a chief function of claiming to be a realist or a naturalist was to provide assurance that one was a real man rather than an effeminate artist Since the 1880s Bell asserts all serious American fiction writers have had to contend with this problematic conception of literary realism The true story of the transformation of American fiction after the Civil War is the history of this contention a history of individual accommodations evasions holding actions and occasional triumphs Stephen Crane Harold Bloom, 2007 Stephen Crane is widely recognized as a master of literary naturalism His best known works include the classic novel *The Red Badge of Courage* the short stories *The Open Boat* *The Bride Comes to Yellow Sky* and *The Blue Hotel* and some of the nineteenth century s most innovative lyric poems The essays gathered in this updated volume offer a wealth of critical information and analysis that speaks to Crane s relevance and far ranging influence Book jacket

The Pluralistic Philosophy of Stephen Crane Patrick Kieran Dooley, 1993 In spite of an extensive secondary literature that bristles with philosophical labels concerning his outlook Stephen Crane s philosophy has been virtually ignored Patrick Dooley s systematic examination of all Crane s writings novels sketches short stories news dispatches and poems whether famous or previously ignored discloses coherent but subtle metaphysical epistemological social and ethical positions Dooley provides a sustained direct discussion of Crane s philosophy and offers vivid depictions of fundamental philosophical issues

Stephen Crane, Journalism, and the Making of Modern American Literature Michael Robertson, 1997 This critical study of Stephen Crane s journalism examines the climate of change that had begun to blur the line between non fiction writing and fiction in Crane s era and provides insight into the masculine aesthetic Crane championed in his urban reportage travel writing and war correspondence **Stephen Crane** Richard M. Weatherford, 2013-07-04 This set comprises 40

volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 *A Stephen Crane Encyclopedia* Stanley Wertheim,1997-10-28 The publication of *The Red Badge of Courage* in 1895 brought Stephen Crane instant fame at age 23 At 28 he was dead In the brief span of his literary career Crane enjoyed a significant measure of renown as well as notoriety but his reputation rested almost entirely upon his war novel and he felt that his talent had ultimately been misjudged From his adolescence until his death Crane was a professional journalist To this day most educated American readers know him only as the author of the most realistic Civil War novel ever written three or four action packed short stories and a handful of iconoclastic free verse poems Crane was befriended and admired by some of the most important literary figures of his time such as William Dean Howells Willa Cather Joseph Conrad Henry James and H G Wells He has also been called a realist a naturalist an impressionist a symbolist and an existentialist This reference book provides a more complete picture of Crane s short but furiously creative life and encourages a more extensive appreciation of his works The volume includes hundreds of entries for members of Crane s immediate and extended family close friends and associates educational institutions that he attended places where he resided publishers and syndicates by whom he was employed literary movements with which he is usually associated and the works of fiction poetry and journalism that he wrote Thus the book shows that he was a pioneer in the development of a number of genres in modern American fiction and poetry that he was the first literary chronicler of the burgeoning slums of urban America who refused to sentimentalize his materials that his Western stories reveal the steady retreat of the American frontier before the encroachments of a modern Europeanized civilization and that his short stories and poems engage a number of enduring themes Many of the entries cite works for further reading and the volume includes a chronology and a bibliography of the most important studies of his life and writing *A Companion to American Fiction, 1865 - 1914* Robert Paul Lamb,G. R. Thompson,2008-04-15 *A Companion to American Fiction 1865 1914* is a groundbreaking collection of essays written by leading critics for a wide audience of scholars students and interested general readers An exceptionally broad ranging and accessible Companion to the study of American fiction of the post civil war period and the early twentieth century Brings together 29 essays by top scholars each of which presents a synthesis of the best research and offers an original perspective Divided into sections on historical traditions and genres contexts and themes and major authors Covers a mixture of canonical and the non canonical themes authors literatures and critical approaches Explores innovative topics such as ecological literature and ecocriticism children s literature and the influence of Darwin on fiction **Stephen Crane's Blue Badge of Courage** George Monteiro,2000 In considering the whole of Crane s writing Monteiro interrelates the various texts and vividly presents their cultural contexts structuring his study around the primary natural and social settings that uniquely characterize Crane the city warfare the frontier and shipwreck at sea By taking an unprecedented

inventory of those religious readings songs and recitations the young Crane imbibed and tracing their permeation of his writerly imagination Monteiro deepens our understanding of the meaning and purpose of Crane's work and fosters new appreciation for his immense but short lived creative faculty Jacket The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer's current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study **Makers of Nineteenth Century Culture** Justin Wintle Esq, Justin Wintle, 2021-12-24 This volume provides a critical examination of the lives and works of the leading novelists poets dramatists artists philosophers social thinkers mathematicians and scientists of the period The subjects are assessed in the light of their cultural importance and each entry is deliberately interpretative making this work both an essential reference tool and an engaging collection of essays Figures covered include Marx Wagner Darwin Malthus Balzac Jane Austen Nietzsche Babbage Edgar Allan Poe Ruskin Schleiermacher Herbert Spencer Harriet Martineau and Oscar Wilde
