Sharon A. Russell

Stephen King A Critical Companion:

Revisiting Stephen King Sharon A. Russell, 2002-05-30 Offers a critical introduction to the works of Stephen King providing a brief biography and critical treatments of his eight most recent novels Stephen King Sharon A. Russell, 1996-06-10 Each chapter deals with one novel and includes sections on plot and narrative structure character development and thematic concerns Russell also draws comparisons to other novels in King's canon She shows how King uses horror science fiction and suspense to explore human relationships how he expands traditional approaches to the genre by combining elements of the various genres in his fiction and how he has continued to grow as an artist throughout his career *Stephen King* Sharon A. Russell, 1996-06-10 Each chapter deals with one novel and includes sections on plot and narrative structure character development and thematic concerns Russell also draws comparisons to other novels in King's canon She shows how King uses horror science fiction and suspense to explore human relationships how he expands traditional approaches to the genre by combining elements of the various genres in his fiction and how he has continued to grow as an artist throughout his career **Stephen King** Sharon A. Russell, 2002-09-30 The only critical work on Stephen King to examine his most recent novels and to analyze the many threads of his work in a way that is accessible to young adults and general readers Revisiting Stephen King Sharon A. Russell, 2002 Offers a critical introduction to the works of Stephen King providing a brief biography and critical treatments of his eight most recent novels **Revisiting Stephen King** Sharon A. Russell, 2002-05-30 Having endured an initially frigid critical reception personal struggles with addiction and a mid life accident that nearly killed him Stephen King continues to reign as perhaps the most popular and prolific writer in America This new edition of the critical companion to his works includes an expanded biographical chapter featuring King's return to writing after his accident and his groundbreaking experiments in publishing A full chapter is devoted to each of his eight most recently published works of fiction offering thorough critical treatments of *Desperation* 1996 *The Green Mile* 1997 *The Regulators* 1996 *Dark Tower IV Wizard and Glass* 1997 *Bag of Bones* 1998 *The Girl Who Loved Tom Gordon* 1999 *Hearts in Atlantis* 1999 *Dreamcatcher* 2001 Discussions of character development thematic concerns and issues of style and symbolism follow concise plot synopses An alternate critical perspective is offered for each work King's achievements and placement in the horror genre are reconsidered especially in light of his more recent forays into suspense fiction science fiction fantasy and other areas of writing The volume includes a selective list of further suggested readings includes biographical sources general criticism and reviews *Stephen King* Sharon A. Russell, 1996 This is the first critical work on Stephen King to examine his most recent novels *Dolores Claiborne* *Insomnia* and *Rose Madder* and to analyze the many threads of his fiction in a way that is accessible to young adults and general readers It is designed to help the reader understand the carefully organized narrative structure of his novels the relation of his fiction to the horror and science fiction genres and to each other character development and stylistic and thematic concerns that recur and evolve throughout his

work Following a biographical chapter that links King s life to the development of his fiction Russell offers an overview chapter on all his novels Individual chapters examine nine representative novels in addition to the three mentioned above Russell examines Salem s Lot The Shining The Stand The Dark Half The Dark Tower III The Waste Lands and Needful Things

Stephen King Harold Bloom,2006 Though often disparaged by literary critics Stephen King s work has influenced a generation of horror and science fiction writers Acting as a study guide this book features the important critical interpretations of the horror master s work The Functions of Unnatural Death in Stephen King Rebecca Frost,2022-03-02 The Functions of Unnatural Death in Stephen King Murder Sickness and Plots examines over thirty of King s works and looks at the character deaths within them placing them first within the chronology of the plot and then assigning them a function Death is horrific and perhaps the only universal horror because it comes to us all Stephen King known as the Master of Horror rarely writes without including death in his works However he keeps death from being repetitious or fully expected because of the ways in which he plays with the subject maintaining what he himself has called a childlike approach to death Although character deaths are a constant the narrative function of those deaths changes depending on their placement within the plot By separating out the purposes of early deaths from those that come during the rising action or during the climax this book examines the myriad ways character deaths in King can affect surviving characters and therefore the plot Even though character deaths are frequent and hardly ever occur only once in a book King s varying approaches to and uses of these deaths show how he continues to play with both the subject and its facets of horror throughout his work Stephen King's Contemporary Classics Philip L. Simpson,Patrick McAleer,2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut Carrie to his blockbuster novels The Shining The Stand and Misery among others While he continues to be a best selling author King s more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like Duma Key and 1 22 63 have been marginalized and arguably cast aside as anomalies within the author s extensive canon In Stephen King s Contemporary Classics Reflections on the Modern Master of Horror Philip L Simpson and Patrick McAleer present a collection of essays that analyze assess and critique King s post 1995 compositions Purposefully side stepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013 offering genuinely fresh scholarship on King the second part looks at the development of King s distinct brand of horror the third section departs from probing the content of King s writing and instead focuses on King s process By concentrating on King s most recent writings this collection offers provocative insights into the author s work featuring essays on Dr Sleep Duma Key The Girl Who Loved Tom Gordon Joyland Under the Dome and others As such Stephen King s Contemporary Classics will appeal to general fans of the author s work as well as scholars of Stephen King and modern literature

This is likewise one of the factors by obtaining the soft documents of this **Stephen King A Critical Companion** by online. You might not require more times to spend to go to the ebook launch as capably as search for them.
