Naming Our Sins Jana Bennett, David Cloutier, 2019-05-24 What would it take to renew our ability to name our sins in a meaningful and pertinent way Naming sins is a particularly important task for Catholic moral theology but it is one that often falls back into a paradigm of simple violations of rules While laws and commandments are essential Vatican II's universal call to holiness and the revival of virtue ethics require moving further Yet in part because moral theologians today tend to be lay people not priests there has been a de emphasis on the confession of sins Contemporary questions like poverty racism and abortion are usually connected to questions about sin in some way but they are disconnected from the idea of naming specific sins in the sacrament of penance Lay moral theologians raise these issues in a way that makes clear their implications for a parish social justice committee or the voting booth but not their implications for the naming of sins in the sacrament of reconciliation Naming Our Sins proposes to re make that connection the moral theologian's task of helping people name individual sins needs to be restored though in ways distinctive from dominant pre Vatican II notions In this volume editors Jana Bennett and David Cloutier gather some of the best of the current generation of moral theologians in order to reflect on the classic tradition of the vices It is crucial to the Christian understanding of sin that we recognize a we bear at least some responsibilities for injuries and b God wants us to participate in the process of healing and conversion Neither the sin itself nor the healing simply come from somewhere else the task of naming sins enlists us as mature growing disciples Each chapter takes on a different classical vice describing the vice exploring its dimensions in contemporary experience and moving the reader toward naming specific sins that arise from the vice The concluding chapters from

Eucharistic Reciprocity A. William DeJong,2019-11-11 This volume probes the nature of gratitude as a virtue and identifies its moral value in the Christian life in order to enhance pastoral effectiveness in ministering to those gripped by sins of desire Such impulses are explored in terms of the seven deadly sins which this inquiry regards as distorted desires for the good God provides Utilizing a method of mutual critical correlation this volume brings philosophical and psychological claims about gratitude into conversation with the Christian tradition On the basis of an ontology of communion in which humans are inextricably situated in giving and receiving relationships with God others and the world this inquiry defines gratitude as a social response involving asymmetrical agapic reciprocity whereby a recipient freely joyfully and fittingly salutes a giver for the gift received in order to establish maintain or restore a personal and peaceable relationship Critiquing especially the reductions of gratitude by Aristotle and Jacques Derrida this inquiry recommends gratitude as a virtue which when embodied practiced and ritualized especially though not exclusively in the Eucharist has potential to repel the destructive idolatries generated by the seven deadly sins and thus function as a crucial ingredient in human social flourishing Familiarity with the virtue of gratitude as a vital ingredient in moral flourishing therefore equips pastors for greater ministerial effectiveness

Preachers Dare Bishop William H.
