Clark,2014-12-01 One of the most violent episodes of China s Boxer Uprising was the Taiyuan Massacre of 1900 in which rebels killed foreign missionaries and thousands of Chinese Christians This first sustained scholarly account of the uprising to focus on Shanxi Province illuminates the religious and cultural beliefs on both sides of the conflict and shows how they came to clash Although Franciscans were the first Catholics to settle in China their stories have rarely been explored in accounts of Chinese Christianity Anthony Clark remedies that exclusion and highlights the roles of Franciscan nuns and their counterparts among the Boxers the Red Lantern girls to argue that women s involvement was integral on both sides of the conflict Drawing on rich archival records and intertwining religious history with political cultural and environmental factors Clark provides a fresh perspective on a pivotal encounter between China and the West      *Finding My Way in Christianity* Herold Weiss,2021-03-29 What happens when a theologian takes issue with his own church How can he be genuine in faith and also have integrity as a scholar Do some Christian communities have their own cancel culture Finding My Way in Christianity Recollections of a Journey is a story of dealing with the differences within the Christian community that is both personal and theologically reflective With a diverse cross cultural background exceptional theological education and fascinating personal experience author Dr Herold Weiss is uniquely qualified to write about this topic This notable book outlines the author s experiences starting in Montevideo Uruguay and moving through various educational experiences and teaching positions It is no accident that the chapter titles reflect geographical locations as the journey through space provides an illuminating metaphor for the faith journey that accompanies it Some of the people you meet in this book will make you angry Others will make you thankful to be a Christian Some will evoke your sympathy even as you seek to understand why they acted as they did All of them will help give you some insight into what goes into a successful journey of faith You can read Finding My Way in Christianity either as an interesting story or as theological reflection The author s experiences will resonate with many of us who have experienced the divisions within the Christian community and dealt with those who would silence dissent Dr Weiss story comes primarily within one denomination but it follows outlines that will be familiar to many If you find yourself on a journey of faith you owe it to yourself to read Finding My Way in Christianity

**China's Saints** Anthony E. Clark,2011-04-07 While previous works on the history of Christianity in China have largely centered on the scientific and philosophical areas of Catholic missions in the Middle Kingdom China's Saints recounts the history of Christian martyrdom precipitated as it was by cultural antagonisms and misunderstanding Anthony Clark shows that Christianity in China began and grew under similar circumstances to those during the Roman Empire with the notable exception that Catholic missionaries were not successful at producing a Chinese Constantine One of the principal results of Catholic martyrdom in China was the increased indigenization of Christianity During the reconstruction of mission churches hospitals and orphanages after the hostilities of the Boxer Uprising 1898 1900 the Roman Catholic tradition of venerating martyrs was attached to the reinvigoration of Christian communities Not only did Catholic architecture accommodate to Chinese sensibilities but causes for sainthood were also begun at the Vatican to add Chinese names to the Church's list of saints The implications of Clark's work extend beyond the subject of Christianity in China to the broader fields of cultural social economic political and religious history This pioneering study follows the trails of Western missionaries and Chinese converts as they negotiate the religious and cultural chasms that existed between the West and China and it demonstrates that these differences resulted in two very different outcomes Whereas converts appear to have bridged the cultural divide often to the point of self sacrifice political and cultural tensions on the macro level sometimes ended with forceful conflicts This book contributes to a deeper understanding of cultural and religious interaction and provides an account of an heretofore unstudied chapter in the history of Christianity on the global landscape
