**The Sisters of Lady Jane Grey and Their Wicked Grandfather: Being the True Stories of the Strange Lives of Charles Brandon, Duke of Suffolk, and the Ladies Katherine and Mary Grey, Sisters** Richard Davey, 2020-09-28 The amazing marriage of Katherine of Valois widow of Henry V with Owen Tudor possibly accounts for much that was abnormal in the character of their royal descendants of the redoubted House of Tudor The queen dowager was the daughter of the mad King Charles VI of France and of his licentious consort Isabeau of Bavaria bad blood indeed and Owen was a mere soldier of fortune In his grandson Henry VII s day a goodly pedigree was discovered for him which set forth that far from being a mean born pup as was popularly reported Owen was descended from Kenan son of Coel who was king of Britain and brother of Helen the mother of Constantine the Great As to Owen ap Merideth ap Twydder or Tudor good old Sandford affirms that the Meanness of his Estate was recompensated by the Delicacy of his Person so absolute in all the Lineaments of his Body that the only Contemplation of it might make a Queen forget all other Circumstances which it did Stowe who lived near enough to those times to receive direct tradition concerning this brave soldier says in his Annals that he was as ignorant as any savage Tall beyond the average the founder of the House of Tudor carried himself with a perfect grace He was well featured with hair that was curly and yellow as gold At an entertainment given in 1423 and attended notwithstanding her recent bereavement by the widowed queen this Adonis while in the act of executing an intricate pirouette fell at the royal lady s feet Whether the

passion kindled by this ludicrous accident was reciprocated we are not told but so ardent was it on Katherine's part at least that she soon afterwards clandestinely married the handsome Welshman. The enemies of the House of Tudor averred that this secret marriage never really took place and it is a singular fact that no allusion whatever is made to it in the hearse verse originally placed over the tomb of Queen Katherine in Westminster Abbey and quoted in full in the contemporary Chronicle of William of Worcester.

**Sister of the Bride** Henrietta Reid, 1972

**Four Sisters of Hofei** Annping Chin, 2013-02-26

Four Sisters of Hofei is an intimate encounter with Chinese history told through the collective memory and stories of four sisters born between 1908 and 1924 and with the benefit of the extraordinary knowledge of Yale historian Annping Chin. Now in their late eighties and early nineties the Chang sisters lived through a century of historic change in China. In this extraordinary work assembled with the benefit of letter diaries, family histories, poetry, journals, and interviews, Annping Chin shapes the story of this family into a riveting chronicle that provides uncanny insight into the old China and its transition to the new. From their father the Chang sister inherited reason and a belief in the virtues of modern education. From their mother they learned about the human spirit and the art of finding an appropriate path. Their nurse, nannies, uneducated widows from the Hofei countryside contributed their own traditional beliefs and opinions on modern ways. As the sisters grew up, one broke with tradition to marry an actor, one survived the most violent political years of Communist rule, one married one of China's greatest novelists, and one raised separately by her devout Buddhist great aunt was taught to be a rigorous practitioner of China's classical arts. The Chang sisters' prolific correspondence provides a rare glimpse of private life in China during the twentieth century as well as a chronicle of the country from prosperity to persecution, from foreign wars to Cultural Revolution. In Chin's expert prose, *Four Sisters of Hofei* is an intensely personal story that illustrates the complex history of a complex land.

**Light Shining Through a Veil** Edith van den Goorbergh, Theo H. Zweerman, 2000

The spirituality of Saint Clare of Assisi, the soul mate of Saint Francis, is the object of this book. Her spirituality was inspired by Francis and she owes much to him, like he to her. This book is meant to be a contribution to the study of Clare and her thoughts. In her four letters written to Saint Agnes of Prague, Clare expresses herself more openly about her deepest motivations than in any other writing. They concentrate on the heart of her choice of life and as such they reproduce the most beautiful gift which God gave her: Clare's spirituality as it comes to the fore in these letters can only then be fully understood when we take into account their creative structure. The specific aim of this book is to do justice to her texts in a method which, to our knowledge, was never applied before. It consists in an elaborated analysis of the fine concentric structure of the letters to Agnes combined with an ongoing commentary in which historical data are also given attention.

Crook Chronicles: The Descendants of Henry & Margareth Crook = Volume 2 Laura Wayland-Smith Hatch, 2019-02-20

genealogical compilation of the descendants of Henry Margareth Crook and their seven children The couple was married circa 1812 in South Carolina and by 1828 could be found in Rankin County Mississippi Many of the descendants are traced to the present including biographies and photographs when available Kinship, population and social reproduction in the 'new Indonesia' Roy Ellen,2018-05-16 Nuaulu people on the Indonesian island of Seram have displayed remarkable linguistic and cultural resilience over a period of 50 years In 1970 their language and traditional culture was widely considered endangered Despite this Nuaulu have not only maintained their animist identity and shown a robust ability to reproduce traditional ritual performances but have exhibited both population growth and increasing assertiveness in the projection of their interests through the politics of the New Indonesia This book examines how kinship organization and marriage patterns have responded to some of these challenges and suggests that the retention of core institutions of descent and exchange are the consequence of population growth which in turn has enabled ritual reproduction and thereby effectively maintained a distinct identity in relation to the surrounding majority culture Low conversion rates to other religions and the political consequences of Indonesian reformasi have also contributed to a situation in which despite changes in the material basis of their lives Nuaulu have projected a strong independent identity and organisation In terms of debates around kinship in eastern Indonesia this book argues that older notions of prescriptive social structure are fundamentally flawed Kinship institutions are real enough but the distinction between genealogical and classificatory relations is often unimportant all that matters in the end is that the arrangements entered into between clans and houses permit both biological and social reproduction and that the latter ultimately serves the former An important contribution to the study of the peoples of Eastern Indonesia it highlights a good news story about the successful retention of a traditional way of life in an area that has had a troubled recent history It will be of interest to academics in various fields of anthropology in particular the study of kinship and Southeast Asian societies Gazetteer of the Bombay Presidency: Kolhápúr ,1886 **The Sisters of Lady Jane Grey and Their Wicked Grandfather** Richard Davey,1911
