its greatest impact may have been on popular cultural values Davis shows that the Western is not primarily about escape or violence but at its best is about development The would be hero adopts the existing role only to find it inadequate and forced to reimagine himself he defines the Western hero anew At the core of this process is strength not power over others but courage to go beyond the established boundaries Although women do appear in the Western often as proponents of civilization it is fundamentally a man's world offering an important view of male identity Focusing on *The Virginian* chapter 1 explores the origin of the Western hero and the source of the genre's major plots and issues Chapter 2 evaluates history myth and the relative reality of the two in the works of Oakley Hall Citing the novels of Richard Brautigan E L Doctorow John Hawkes and Michael Ondaatje chapter 3 compares the Western and the gothic novel focusing on the concept of space These works portray the West as a wasteland devoid of any vitality but chapter 4 takes up science fiction Westerns including works by John Jakes John Boyd and Robert Sheckley that use the Western frontier to ironic and liberating effect Chapter 5 on the motion picture *Blazing Saddles* and the postmodern Western novels of Ishmael Reed and Alvin Greenberg examines the role playing by which identity is created And in his Preface Introduction and Epilogue Davis frames these discussions with personal observations on the West and its relation to the American masculine mystique For those interested in Western movies or novels popular culture gender studies or literary criticism *Playing Cowboys* is a unique and indispensable guide to the territory from here to the sunset

Imagined Frontiers Carl Abbott, 2015-09-10 We live near the edge whether in a settlement at the core of the Rockies a gated community tucked into the wilds of the Santa Monica Mountains a silicon culture emerging in the suburbs or in the future homesteading on a terraformed Mars In *Imagined Frontiers* urban historian and popular culture scholar Carl Abbott looks at the work of American artists who have used novels film television maps and occasionally even performance art to explore these frontiers the metropolitan frontier of suburban development the classic continental frontier of American settlement and the yet unrealized frontiers beyond Earth Focusing on writers and artists working during the past half century an era of global economic and social reach Abbott describes the dialogue between historians and social scientists seeking to understand these frontier places and the artists reimaging them in written and visual fictions This book offers perspectives on such well known authors as T C Boyle and John Updike and on such familiar movies and television shows as *Falling Down* and *The Sopranos* By putting *The Rockford Files* and the cult favorite *Firefly* in conversation with popular fiction writers Robert Heinlein and Stephen King and literary novelists Peter Matthiessen and Leslie Marmon Silko Abbott interweaves the disparate subjects of western history urban planning and science fiction in a single volume Abbott combines all new essays with others previously published but substantially revised to integrate western and urban history literary analysis and American studies scholarship in a uniquely compelling analysis of

the frontier in popular culture **Akyab, 1917** Burma Rights Movement for Action, 1917 *John Jakes* Mary Ellen Jones, 1996-11-01 John Jakes often called the people's author and godfather of the historical novel has made American history come to life in his series *The Kent Family Chronicles* and *The North and South Trilogy*. Through these novels Jakes conveys the sweep of American history both its glory and its grim scenes from the American Revolution to the opening moments of the 20th century. Never glossing over the nation's flaws slavery materialism a double edged Manifest Destiny Jakes nevertheless affirms American values. This is the first full length critical study of his work. It examines in detail Jakes 13 major novels to date and assesses his methods as America's history teacher. In Part I following a chapter on Jakes life Jones examines the early novels and Jakes use of the genres of historical fiction the western and the historical family saga. Part II *The Kent Family Chronicles* devotes an individual chapter to each of the novels in this series *The Bastard* *The Rebels* *The Seekers* *The Furies* *The Titans* *The Warriors* *The Lawless* and *The Americans*. Part III *New Beginnings* features chapters on *North and South* *Love and War* and *Heaven and Hell* and chapters on *California Gold* and *Homeland*. The examination of each novel in this study includes sections on plot development character development and thematic issues. Jones also offers an alternative critical perspective from which to read each novel such as feminist literary criticism New Historicism Marxist criticism and Deconstructionism that gives the reader an alternative viewpoint from which to consider the novel. A complete bibliography of all of John Jakes work works about John Jakes and a listing of reviews of all the novels examined in the book concludes the study.
