Ten Steps to Complex Learning Jeroen J. G. van Merriënboer,Paul A. Kirschner,2017-10-23 Ten Steps to Complex Learning presents a path from an educational problem to a solution in a way that students practitioners and researchers can understand and easily use Students in the field of instructional design can use this book to broaden their knowledge of the design of training programs for complex learning Practitioners can use this book as a reference guide to support their design of courses curricula or environments for complex

learning Now fully revised to incorporate the most current research in the field this third edition of Ten Steps to Complex Learning includes many references to recent research as well as two new chapters One new chapter deals with the training of 21st century skills in educational programs based on the Ten Steps The other deals with the design of assessment programs that are fully aligned with the Ten Steps In the closing chapter new directions for the further development of the Ten Steps are discussed

Lessons from Problem-based Learning H. J. M. van Berkel, 2010 Problem based learning PBL has excited interest among educators around the world for several decades Among the most notable applications of PBL is the approach taken at the Faculty of Health Medicine and Life sciences FHML at Maastricht University the Netherlands Starting in 1974 as a medical school the faculty embarked on the innovative pathway of problem based learning trying to establish a medical training program which applied recent insights of education which would be better adapted to the needs of the modern physician The medical school currently part of the FHML can be considered as an established school where original innovations and educational changes have become part of a routine The first book to bring this wealth of information together Lessons from Problem based Learning documents those findings and shares the experiences of those involved to encourage further debate and refinement of problem based learning in specific applications elsewhere and in general educational discussion and thought Each chapter provides a description of why and what has been done in the Maastricht program followed by reflection on the benefits and issues that have arisen for these developments The final section of the book examines the application of PBL in the future and how it is likely to develop further
