## **Slow Fall To Dawn:**

Slow Fall to Dawn Leigh, 1988      **Complete Critical Assembly** David Langford, 2002-10-01 This new collection of essays commissioned from a range of scholars across the world takes as its theme the reception of Rome's greatest poet in a time of profound cultural change. Amid the rise of Christianity the changing status of the city of Rome and the emergence of new governing classes Vergil remained a bedrock of Roman education and identity. This volume considers the different ways in which Vergil was read, understood and appropriated by poets, commentators, Church fathers, orators and historians. The introduction outlines the cultural and historical contexts. Twelve chapters dedicated to individual writers or genres and the contributors make use of a wide range of approaches from contemporary reception theory. An epilogue concludes the volume.

Old Venus George R. R. Martin, Gardner Dozois, 2015-03-03 Sixteen all new stories by science fiction's top talents collected by bestselling author George R. R. Martin and multiple award winning editor Gardner Dozois. From pulp adventures such as Edgar Rice Burroughs's Carson of Venus to classic short stories such as Ray Bradbury's The Long Rain to visionary novels such as C. S. Lewis's Perelandra the planet Venus has loomed almost as large in the imaginations of science fiction writers as Earth's next nearest neighbor Mars. But while the Red Planet conjured up in Golden Age science fiction stories was a place of vast deserts and ruined cities bright blue Venus was its polar opposite a steamy swampy jungle world with strange creatures lurking amidst the dripping vegetation. Alas just as the last century's space probes exploded our dreams of Mars so too did they shatter our romantic visions of Venus revealing instead of a lush paradise a hellish world inimical to all life. But don't despair. This new anthology of sixteen original stories by some of science fiction's best writers edited by 1 New York Times bestselling author George R. R. Martin and award winning editor Gardner Dozois turns back the clock to that more innocent time before the hard won knowledge of science vanquished the infinite possibilities of the imagination. Join our cast of award winning contributors including Elizabeth Bear, David Brin, Joe Haldeman, Gwyneth Jones, Mike Resnick, Eleanor Arnason, Allen M. Steele and more as we travel back in time to a planet that never was but should have been a young rain-drenched world of fabulous monsters and seductive mysteries. FEATURING ALL NEW STORIES BY Eleanor Arnason, Elizabeth Bear, David Brin, Tobias S. Buckell, Michael Cassutt, Joe Haldeman, Matthew Hughes, Gwyneth Jones, Joe R. Lansdale, Stephen Leigh, Paul McAuley, Ian McDonald, Garth Nix, Mike Resnick, Allen M. Steele, Lavie Tidhar. And an Introduction by Gardner Dozois.      **New-Year and Midwinter Exercises, for Children of Ten to Fifteen Years** Alice Maude Kellogg, 1895

The Luggie David Gray, 1862      *The Public World/Syntactically Impermanence* Leslie Scalapino, 2012-01-01 The Public World Syntactically Impermanence is a brilliant consideration of the strategies of poetry and the similarities between early Zen thought and some American avant garde writings that counter the language of determinateness or conventions of perception. The theme of the essays is poetic language which critiques itself recognizing its own conceptual formations of private and social, the form or syntax of the language being syntactically impermanence. Whether writing reflexively on her

own poetry or looking closely at the writing of her peers Leslie Scalapino makes us aware of the split between commentary discourse and interpretation and interior experience The poetry in the collection is both commentary and interior experience at once She argues that poetry is perhaps most deeply political when it is an expression that is not recognized or readily comprehensible as discourse

**Dodger Boy** Sarah Ellis, 2018-09-01 From award winning author Sarah Ellis comes the story of an American draft dodger who turns up to stay with thirteen year old Charlotte and her family In 1970 Vancouver thirteen year old Charlotte and her best friend Dawn are keen to avoid the pitfalls of adolescence Couldn't they just skip teenhood altogether along with its annoying behaviors showing off just because you have a boyfriend obsessing about marriage and a ring and matching dining room furniture Couldn't one just learn about life from Jane Austen and spend the days eating breakfast at noon watching People in Conflict and thrift store shopping for cool castoffs to tie dye for the upcoming outdoor hippie music festival But life becomes more complicated when the girls meet a Texan draft dodger who comes to live with Charlotte's Quaker family Tom Ed expands Charlotte's horizons as they discuss everything from war to civil disobedience to women's liberation Grappling with exhilarating and disturbing new ideas faced with a censorship challenge to her beloved English teacher and trying to decode the charismatic draft dodger himself Charlotte finds it harder and harder to stick to her unteen philosophy and to see eye to eye with Dawn
