Reclaiming Early Childhood Literacies Richard J. Meyer, Kathryn F. Whitmore, 2016-09-01 At a time when literacy has become more of a political issue than a research or pedagogical one, this volume refocuses attention on work with young children that places them at the center of their literacy worlds. Drawing on robust and growing knowledge which is often marginalized because of political and legislative forces, it explores young children's literacies as inclusive, redefined, and broadened, encompassing technologies, the arts, multiple modalities, and teaching and learning for democracy, cultural sustainability, and social justice. Highlighted themes include children's rights to grow through playful engagements with multiple literacies to interrogate their worlds; adults who expand and inspire children's consciousness and awareness of others and the world around them; the centrality of meaning-making in all aspects of language and literacy development; a deep respect for diversities including languages, cultures, sexual orientation, socioeconomic status, and more; and an expansive understanding of the nature of texts.

**Developing Children's Critical Thinking through Picturebooks** Mary Roche, 2014-07-25 This accessible text will show students and class teachers how they can enable their pupils to become critical thinkers through the medium of picturebooks. By introducing children to the notion of making meaning together through thinking and discussion, Roche focuses on carefully chosen picturebooks as a stimulus for discussion and shows how they can constitute an accessible multimodal resource for adding to literacy skills while at the same time developing in pupils a far wider range of literary understanding. By allowing time for thinking about and digesting the pictures as well as the text and then engaging pupils in classroom discussion, this book highlights a powerful means of developing children's oral language ability, critical thinking, and visual literacy while also acting as a rich resource for developing children's literary understanding. Throughout, Roche provides rich data and examples from real classroom practice. This book also provides an overview of recent international research on doing interactive read-alouds, on what critical literacy means, on what critical thinking means, and on picturebooks themselves. Lecturers on teacher education courses for early years or primary levels, classroom teachers, pre-service education students, and all those interested in promoting critical engagement and dialogue about literature will find this an engaging and very insightful text.

**Upon a Time in a Different World** Neal A. Lester, 2010-06-21 This book offers a history and analysis of African American children's literature from its beginnings to the present. Chapters explore issues surrounding race and representation from the race and gender politics of African American hair to the absence of the N word in children's books. *Teaching K-8 Reading* Christine H. Leland, Mitzi Lewison, Jerome C. Harste, 2020-10-10 Accessible and engaging, this methods textbook provides a roadmap for improving reading instruction. Leland, Lewison, and Harste explain why certain ineffective or debunked literacy techniques prevail in the classroom, identify the problematic assumptions that underlie these popular myths, and offer better alternatives for literacy teaching. Grounded in a mantra that promotes critical thinking and agency, *Enjoy Dig Deeply Take Action* this book presents a clear framework, methods, and easy applications for designing and implementing effective literacy instruction. Numerous teaching strategies, classroom examples, teacher vignettes, and recommendations for using children's and adolescent literature found in this book make it an ideal text for preservice teachers in elementary and middle school reading and English language arts methods courses, as well as a practical resource for professionals in service workshops and teachers. Key features include instructional engagements for supporting students as they read picture books, chapter books, and news articles; and interact with social media and participate in the arts and everyday life. *Voices from the Field* that challenge mythical thinking and offer real-world examples of what effective reading and language arts instruction looks like in practice. *Owl* statements that alert readers to key ideas for use when planning reading and language arts instruction.

**Queer Inclusion in Teacher Education** Olivia J. Murray, 2014-06-13 *Queer Inclusion in Teacher Education* explores the challenges and promises of building queer-inclusive pedagogy and curriculum into teacher education. Weaving together theory, research findings, and practical how-to strategies and materials, it fills an important gap by offering a clear roadmap and resources for influencing the knowledge, beliefs, and actions of faculty working with pre-service teachers. While the book has implications for policy change, most immediately, readers will feel empowered with ideas for faculty development they can implement in their own teacher education programs. Looking at both the politics and practices of teacher education and the ways in which queer issues manifest in schools, it is hopeful in suggesting that if teachers and pre-service teachers can critically reflect on homophobia and heteronormativity, they can begin to think about and relate to queer youth in a different, more positive and inclusive way. A Companion Website (<http://queerinclusion.com>) with additional activities and materials for teacher educators and faculty development, and a practical guide enhances the usefulness of the book. *Innovative Voices in Education* Eileen Gale Kugler, 2012-01-31 Diverse schools offer enriched academic and social environments as students and families of different backgrounds and experiences provide a vibrant mosaic of insights, perspectives, and skills. To take advantage of the unique opportunities that diversity brings, schools must value and effectively connect with students and families of all backgrounds. Committed educators are taking on this challenge with gusto, engaging their diverse communities on a daily basis. This book highlights stories from around the world as innovative teachers, educational leaders, and community

activists passionately share personal accounts of their successes challenges and lessons learned These are unsung heroes doing vital work each day with little attention beyond the appreciation of their own school communities The 17 chapters each by different authors with unique experiences provide insights strategies and new tools that will be of value to anyone who is concerned about improving education for all These diverse innovative voices will inform engage and most of all inspire you
