Aavang,2023-02-24 Can a man alone in the Canadian wilderness in the depths of the worst winter in memory surrounded by wolves survive and fulfill his unique destiny John has just finished eight grueling years of study in First Nation s People His Ph D and professorship will happen when he returns from his summer of research and a unique medical mission in the northern reaches of Canada His background in a small bush town with a legendary bush pilot grandfather raising John gives him a deep understanding of the bush a strong desire to help the First Nation s People and a pilot s license Accompanying him a young doctor Sky by chance is a childhood nemesis the daughter of a chief and friend of John s Grandpa Johnny They competed on every level and she usually won whether it was a foot race or catching the most fish Separated by differing life trajectories and cultures for ten years they find themselves sharing this summer mission of four months A wilderness emergency forces Sky s departure with a patient before the mission is completed John s return flight home ends in a sudden violent storm John crashes and faces the dilemma of a lifetime break a cardinal rule in the bush stay with the wreckage until found John also finds his survival in the unforgiving bush requires him to abandon the conventions of civilization and instead rely on the lore and wisdom of the very people he studies The apex creature of the wilderness is not man it s the wolf To survive John must listen to the wolves But it s not the haunting howls the excited yapping of the hunt or the growls of a pack feeding It is their harmony adaptability and rhythm to the world they live John must hear their message or perish **On Waters North and South** Thomas E. Grove Ph. D.,2011-05-27 These selected stories of fishing travel and safaris explore the dynamics of group behavior male bonding and thoughts concerning the remaining wildernes in an era of changing values and environmental crisis The central themes include friendships responsibility change self evaluation and the constant influences of bodies of water on the author Beginning with fishing trips in the 1980 s and 90 s Grove drifts into the present as he recounts his travels from Canada and the USA to Zambia Zanzibar and continental Tanzania Through a series of short stories

he moves from the self assuredness of his early forties into personal assessments and ponderings of his early sixties Personal observations social comment humor bounded exaggeration and the crankiness of aging accompanied by travelogue complement his observations and thoughts along the way *The Philosophical Fisherman* Harold Blaisdell, 2015-08-04 My favorite book on fishing a classic from one of my favorite writers John Randolph former editor Fly Fisherman Earthy and philosophical practical yet speculative this book is a wonderful and enduring portrait of a fisherman s temperament Full of the late Harold F Blaisdell s infectious humanity and wisdom The Philosophical Fisherman long out of print is a classic Blaisdell is always independent and original in his thinking He refutes the widely held theory that game fish attack artificial lures because they believe them to be baitfish He argues that fish do not fear leaders per se but become alarmed only if the leader results in the unnatural movement of the bait or lure He debunks the vaunted effectiveness of the artificial nymph explores the best methods of wet and dry fly fishing and tests his theories against such gamefish as trout smallmouth bass landlocked salmon walleyes and northern pike There is something here for everyone who fishes including a persuasive argument that the average angler anywhere in the country can invariably find superb fishing within an hour s drive of his home Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home
