Slight And Delicate Creature:

A Slight and Delicate Creature Margaret Cook, 1999-01 Margaret Cook was the wife of Robin Cook Foreign Secretary She also pursued her own career as a haematologist In the summer of 1997 the News of the World revealed that Robin Cook was having an affair with his diary secretary The Cooks separated and in March 1998 were divorced Cook tells the no holds barred story of her own marriage but also writes about the the pressure that wives of high flyers face how they have to subjugate their careers to those of their husbands

Historicising the Women's Liberation Movement in the Western World Laurel Forster, Sue Bruley, 2019-07-09 The Women's Liberation Movement WLM of the late 1960s 1970s and 1980s emerged out of a particular set of economic and social circumstances in which women were unequally treated in the home the workplace and in culture and wider society As part of the WLM women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society making their concerns apparent through consciousness raising and activism This important time in women's history is revisited in this collection which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised The contributions here cover a range of important issues including feminist art local activism class distinction racial politics perceptions of motherhood girls education feminist print cultures the recovery of feminist histories and feminist heritage and they span personal and political concerns in Britain Canada and the United States Each contributor considers the impact of the WLM in a different context reflecting the variety of issues faced by women and helping us to understand the problems of the second wave This book broadens our understanding of the impact and the implication of the WLM explores the dynamism of women's activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms The chapters in this book were originally published as a special issue of Women's History Review

The Welfare State Generation Eve Worth, 2021-12-16 Women born in mid twentieth century Britain were the welfare state generation not only were their lives fundamentally shaped by the welfare state they helped to transform it In this ground breaking work Eve Worth examines the impact of the welfare state on the life course of women whose opportunities and social experiences were formed by it in the post 1945 period Centred around an oral history study this book argues that the welfare state was so central to the lives of women born in Britain between the late 1930s and early 1950s that they should be considered the welfare state generation The post war expansion of the welfare state was one of the most transformative political changes of the twentieth century yet we know little about its development in practice nor its long term impact on those who grew up within it Using a ground breaking life history methodology to examine women from their birth in the long 1940s to retirement in the mid 2010s it includes thirty six original life history interviews alongside social surveys and the Census for wider context By deploying a cross class approach this book moves the discussion on from just looking at university educated women to include women often overlooked in gender and social studies Re conceptualising the causes of social mobility in

post war Britain exploring a new understanding of work and an updated periodisation of welfare state development The Welfare State Generation offers a new approach to the history of class and gender arguing that we need to move beyond the focus on women s emotions and personal identity to consider their experiences and relationships with the state as employer educator and provider

The Women of Troy Pat Barker,2021-08-24 A daring and timely feminist retelling of The Iliad from the perspective of the women of Troy who endured it an extraordinary follow up to The Silence of the Girls from the Booker Prize winning author of The Regeneration Trilogy and one of contemporary literature s most thoughtful and compelling writers The Washington Post Troy has fallen and the victorious Greeks are eager to return home with the spoils of an endless war including the women of Troy themselves They await a fair wind for the Aegean It does not come because the gods are offended The body of King Priam lies unburied and desecrated and so the victors remain in suspension camped in the shadows of the city they destroyed as the coalition that held them together begins to unravel Old feuds resurface and new suspicions and rivalries begin to fester Largely unnoticed by her captors the one time Trojan queen Briseis formerly Achilles s slave now belonging to his companion Alcimus quietly takes in these developments She forges alliances when she can with Priam s aged wife the defiant Hecuba and with the disgraced soothsayer Calchas all the while shrewdly seeking her path to revenge

Hidden Nature Isla Hodgson,2018-05-30 In every walk with nature one receives far more than he seeks John MuirThis is a book about Britains wildlife how to discover it and the adventures we can have with it Its aim is to show that you dont have to travel to the nether reaches of the Arctic or the deepest corners of the Amazon rainforest to experience weird and wonderful creatures they are right here on our doorstep In a world where nature is slowly being replaced by technology and material things every single one of us could do with appreciating the flora and fauna that we have To spend time in the outdoors exploring searching and learning teaching ourselves that there is life beyond our laptop screens And it needs our help Every day we lose more species more habitatbut how are we meant to know what to save if we dont know what we will lose This book is about just that Written by a young conservationist who hasnt quite grown up it details her small adventures travelling the UK in search of wildlife encounters often on a shoestring budget From ancient forests and coastal wilderness to bustling city streets and suburban back gardens nature is everywhere if you know where to look Featuring unique illustrations and photography

 Silver examines the ways nineteenth century British writers used physical states of the female body hunger appetite fat and
 slenderness in the creation of female characters Silver argues that anorexia nervosa first diagnosed in 1873 serves as a
 paradigm for the cultural ideal of middle class womanhood in Victorian Britain In addition Silver relates these literary
 expressions to the representation of women s bodies in the conduct books beauty manuals and other non fiction prose of the
 period contending that women performed their gender and class alliances through the slender body Silver discusses a wide
 range of writers including Charlotte Bront Christina Rossetti Charles Dickens Alfred Lord Tennyson Bram Stoker and Lewis
 Carroll to show that mainstream models of middle class Victorian womanhood share important qualities with the beliefs or
