Gately,2018-09-01 A rich complex history Deeply engaging and witty Los Angeles Times Long before Columbus arrived in the New World tobacco was cultivated and enjoyed by the indigenous inhabitants of the Americas who used it for medicinal religious and social purposes But when Europeans began to colonize the American continents it became something else entirely a cultural touchstone of pleasure and success and a coveted commodity that would transform the world economy forever Iain Gately s Tobacco tells the epic story of an unusual plant and its unique relationship with the history of humanity from its obscure ancient beginnings through its rise to global prominence to its current embattled state today In a lively narrative Gately makes the case for the tobacco trade being the driving force behind the growth of the American colonies the foundation of Dutch trading empire the underpinning cause of the African slave trade and the financial basis for victory in the American Revolution Well researched and wide ranging Tobacco is a vivid and provocative look at the surprising roles this plant has played in the culture of the world Ambitious informative and perceptive Gately is an amusing writer which is a blessing The Washington Post Documents the resourcefulness with which human beings of every class religion race and continent have pursued the lethal leaf The New York Times Book Review *The Unforgotten Women of the Islamic State* Gina Vale,2024-09-11 The Unforgotten Women of the Islamic State explores the governance of the Islamic State IS terrorist organization through the lives and words of local Iraqi Syrian and Kurdish women While the roles and activities of foreign predominantly Western pro IS women have garnered significant attention the experiences and insights of local civilian populations have been largely overlooked Drawing on the testimonies of 63 local Sunni Muslim and Yazidi women Gina Vale exposes the group s intra gender stratified system of governance Eligibility for the group s protection security citizenship and entrance into the semi public sphere were not universal but required convergence with the gender norms of IS through permanent erasure or at least temporary disguise of certain markers of difference In some cases this was directed by a pre meditated divide and conquer strategy while in others it manifested as unregulated violence at the hands of individual group members including women The structure follows the trajectory of IS s increasing control over its citizens and captive populations its militarization of society imposition of law and order provision of goods and services and intervention in civilians private lives Analysis of diverse first hand accounts and the group s documentation reveals that the presence exclusion and victimization of local civilian women were necessary to the functioning and legitimation of IS s caliphate project and the supremacy of affiliated men and women As a fledgling proto state IS needed local Iraqi Syrian and Kurdish
