Cultural Translation and Receptions of Paul in the First Four Centuries František Ábel, 2025-07-10 There are two overlapping themes which serve as the focus of Cultural Translation and Receptions of Paul in the First Four Centuries a reception of the apostle Paul in subsequent Christian traditions and b the hypothesis that while Paul himself continued to think as a Jew he was subsequently re interpreted by non Jews in non Jewish and anti Jewish ways the so called Paul within Judaism school The distinctive focus of this volume is on the dynamic of cultural translation meaning for example the translation from the cultural world of Diaspora Judaism and its Septuagint to Greek philosophical and Greek Christian categories The contributions to the book are diverse ranging from younger to more senior scholars from both North America and Europe

Paul and the Vocation of Israel Lionel J. Windsor, 2014-04-01 The Apostle Paul was the greatest early missionary of the Christian gospel He was also by his own admission an Israelite How can both these realities coexist in one individual This book argues that Paul viewed his mission to the Gentiles in and of itself as the primary expression of his Jewish identity The concept of Israel s divine vocation is used to shed fresh light on a number of much debated passages in Paul s letter to the Romans

Jewish Apocalypticism in Late First Century Israel Matthias Henze, 2011 The Syriac Apocalypse of Baruch or Second Baruch is a Jewish work of the late first century C E written in Israel in the aftermath of the Jewish War against Rome It is part of a larger body of post 70 C E Jewish literature The authors of these works had a difficult charge They needed to re imagine Judaism and its central symbols take count of a thriving Diaspora and articulate how Jewish life was to be lived from then on without the benefit of a temple Written at a time of religious reconstruction and mental reorientation Second Baruch occupies a unique place in the history of early Jewish thought In this highly original work the author of Second Baruch developed an apocalyptic program that was intended for post 70 C E Judaism at large and not for a small dissident community only The program incorporates various theological strands chief among them the Deuteronomic promise of a prosperous and long life for those keeping the Torah and the apocalyptic promise of a new heaven and a new earth In this book Matthias Henze offers a close reading of some of the central passages in Second Baruch exposes its main themes explains the apocalyptic program it advocates draws some parallels with other texts Jewish and Christian and locates Second Baruch s intellectual place in the rugged terrain of post 70 C E Jewish literature and thought For modern readers interested in Judaism of the late Second Temple period in the Jewish world from which early Christianity emerged and in the origins of rabbinic Judaism Second Baruch is an invaluable source
