Studies In Jewish Myth And Jewish Messianism:

Studies in Jewish Myth and Messianism Yehuda Liebes, 2012-02-01 This book deals with the nature and development of Jewish myth from the Talmudic period through Kabbalah to Hasidism. It describes the changes in this myth in its various stages and the external influences on it. The author shows that myth is in the essence of the Jewish religion and that rather than being created out of external influences, Kabbalah is one of its manifestations. The book also deals with the related subject of Messianism and delves into the special spiritual personalities of some messianic figures in Jewish history to show how myth was incarnate in them.

Studies in the Zohar Yehuda Liebes, 1993-01-01 This book deals with the Book of Splendor, Sefer ha Zohar, the greatest achievement of Kabbalah and one of the most influential sources of Western mysticism. This book offers a new interpretation of the Zohar, analyzing both its theoretical content and its historical context; it also brings the theory and the history together by indicating the personal and autobiographical elements in the Zohar's teachings. The author delves into the issues of the messianic elements of the Zohar, the way it was written, and its relationship to Christianity, Gnosticism, and Talmudic literature.

Rethinking the Messianic Idea in Judaism Michael L. Morgan, Steven Weitzman, 2014-11-28 Over the centuries, the messianic tradition has provided the language through which modern Jewish philosophers, socialists, and Zionists envisioned a utopian future. Michael L. Morgan, Steven Weitzman, and an international group of leading scholars ask new questions and provide new ways of thinking about this enduring Jewish idea. Using the writings of Gershom Scholem, which ranged over the history of messianic belief and its conflicted role in the Jewish imagination, these essays put aside the boundaries that divide history from philosophy and religion to offer new perspectives on the role and relevance of messianism today.

Holiness and Transgression Ruth Kara-Ivanov Kaniel, 2019-02-08 This volume deals with the female dynasty of the House of David and its influence on the Jewish Messianic Myth. It provides a missing link in the chain of research on the topic of messianism and contributes to the understanding of the connection between female transgression and redemption from the Bible through Rabbinic literature until the Zohar. The discussion of the centrality of the mother image in Judeo-Christian culture and the parallels between the appearance of Mary in the Gospels and the Davidic Mothers in the Hebrew Bible stresses mutual representations of the mother of the messiah in Christian and Jewish imagination. Through the prism of gender studies and by stressing questions of femininity, motherhood, and sexuality, the subject appears in a new light. This research highlights the importance of intertwining Jewish literary study with comparative religion and gender theories, enabling the process of filling in the mythic gaps in classical Jewish sources. The book won the Pines, Lakritz, and Warburg awards.

Hughes, 2015-01-08 Moshe Idel, the Max Cooper Professor Emeritus at the Hebrew University of Jerusalem and Senior Researcher at the Shalom Hartman Institute, is a world-renowned scholar of the Jewish mystical tradition. Messiahs and Messianic Movements through 1899 Roland H. Worth, Jr.,2010-06-28 A messiah is an individual appointed by God to a specific task of importance and elevated to a level of far greater authority than a prophet by leading or claiming to lead a group or movement The movement comes to be uniquely centered on his or her teachings and the messiah claims spiritual and temporal authority over its followers This book is an examination of both males and females in the Judeo Christian heritage excluding Jesus of Nazareth who either claimed to be the messiah were viewed by contemporaries as such or are considered by a significant number of scholars to have been motivated by messianic goals The work is arranged chronologically with details about messiahs from before Christ through the dawn of the technological age at the end of the nineteenth century It covers nearly 100 individual messiahs including such Old Testament figures as King Hezekiah and Herod the Great as well as later messiahs both obscure and historically renowned even Queen Elizabeth I and King Charles I were touted as messiahs by certain devoted followers Meticulously researched the book includes an extensive bibliography

The Messianic Secret of Hasidism Mor Altshuler,2006-11-01 This book describes a circle of Eastern European Kabbalists that established Hasidism an important movement that has influenced Jewish Mysticism Yiddish culture and Hebrew literature It uncovers the messianic motivation concealed in Hasidic writings after the failure of their 1740 1781 attempts to hurry redemption The book opens with the Besht the legendary founder of Hasidism and continues with the first Hasidic court founded by one of his prominent disciples the preacher of Zlotshov The group s redemptive activities are revealed through their mystical rituals their self image as representatives of the ten Sefirot and the status of their leader the Righteous One as a vivid symbol of the divine influx The book is especially important for scholars and students of Judaism as well as scholars of mysticism and messianism seeking to comprehend the transformation of a messianic circle of devotees into a mass movement that changes the culture of an entire nation

Transnational Networks and Cross-Religious Exchange in the Seventeenth-Century Mediterranean and Atlantic Worlds Brandon Marriott, 2016-03-09 In 1644 the news that Antonio de Montezinos claimed to have discovered the Lost Tribes of Israel in the jungles of South America spread across Europe fuelling an already febrile atmosphere of messianic and millenarian expectation By tracing the process in which one set of apocalyptic ideas was transmitted across the Christian and Islamic worlds this book provides fresh insight into the origin and transmission of eschatological constructs and the resulting beliefs that blurred traditional religious boundaries and identities Beginning with an investigation of the impact of Montezinos's narrative the next chapter follows the story to England examining how the Quaker messiah James Nayler was viewed in Europe The third chapter presents the history of the widely reported but wholly fictitious story of the sack of Mecca a rumour that was spread alongside news of Sabbatai Sevi The final chapter looks at Christian responses to the Sabbatian movement providing a detailed discussion of the cross religious and international representations of the messiah The conclusion brings these case studies together arguing that the evolving beliefs in the messiah and the Lost Tribes between 1648 and 1666 can only be properly understood by taking into account the multitude of narrative threads that moved between networks of Jews Conversos Catholics and Protestants from one side of the Atlantic to the far side of the Mediterranean and back again By situating this transmission in a broader historical context the book reveals the importance of early modern crises diasporas and newsgathering networks in generating the eschatological constructs disseminating them on an international scale and transforming them through this process of intercultural dissemination into complex new hybrid religious conceptions expectations and identities
