The Oxford History of Life-Writing: Volume 1. The Middle Ages Karen A. Winstead, 2018-04-05 The Oxford History of Life Writing Volume 1 The Middle Ages explores the richness and variety of life writing from late Antiquity to the threshold of the Renaissance During the Middle Ages writers from Bede to Chaucer were thinking about life and experimenting with ways to translate lives their own and others into literature Their subjects included career religious saints celebrities visionaries pilgrims princes philosophers poets and even a few ordinary people They relay life stories not only in chronological narratives but also in debates dialogues visions and letters Many medieval biographers relied on the reader's trust in their authority but some espoused standards of evidence that seem distinctly modern drawing on reliable written sources interviewing eyewitnesses and cross checking their facts wherever possible Others still professed allegiance to evidence but nonetheless freely embellished and invented not only events and dialogue but the sources to support them The first book devoted to life writing in medieval England The Oxford History of Life Writing Volume 1 The Middle Ages covers major life stories in Old and Middle English Latin and French along with such Continental classics as the letters of Abelard and Heloise and the autobiographical Vision of Christine de Pizan In addition to the life stories of historical figures it treats accounts of fictional heroes from Beowulf to King Arthur to Queen Katherine of Alexandria which show medieval authors experimenting with adapting and expanding the conventions of life writing Though Medieval life writings can be challenging to read we encounter in them the antecedents of many of our own diverse biographical forms tabloid lives literary lives brief lives revisionist lives lives of political figures memoirs fictional lives and psychologically oriented accounts that register the inner lives of their subjects

Chaucer's Losers, Nintendo's Children, and Other Forays in Queer Ludonarratology Tison Pugh,2019-12-01 Tison Pugh examines the intersection of narratology ludology and queer studies pointing to the ways in which the blurred boundaries between game and narrative provide both a textual and a metatextual space of queer narrative potential By focusing on these three distinct yet complementary areas Pugh shifts understandings of the way their play pleasure and narrative potential are interlinked Through illustrative readings of an eclectic collection of cultural artifacts from Chaucer s Canterbury Tales to Nintendo s Legend of Zelda franchise from Edward Albee s dramatic masterpiece Who s Afraid of Virginia Woolf to J K Rowling s Harry Potter fantasy novels Pugh offers perspectives of blissful ludonarratology sadomasochistic ludonarratology the queerness of rules the queerness of godgames and the queerness of children s questing video games Collectively these analyses present a range of interpretive strategies for uncovering the disruptive potential of gaming texts and textual games while demonstrating the wide applicability of queer ludonarratology throughout the
