Studies Of The Eighteenth Century In Italy:

Studies of the eighteenth century in Italy, by Vernon Lee Violet Paget, 1880 Studies of the eighteenth century in Italy
Vernon Lee, 1978 *Studies of the Eighteenth Century in Italy* Vernon Lee, 1969 **Studies of the Eighteenth Century**
in Italy Violet Paget, 1907 Studies of the Eighteenth Century in Italy Vernon Lee, 1887 **Studies of the Eighteenth**
Century in Italy (Classic Reprint) Vernon Lee, 2015-07-21 Excerpt from *Studies of the Eighteenth Century in Italy* This
book is at first sight heterogeneous and anomalous heterogeneous because it treats two subjects which are rarely treated by
one individual and never treated under one binding literature and music anomalous because it is far from dealing with all
that goes to make up the Italian Eighteenth Century while it deals with not a few men and things belonging to the sixteenth
and seventeenth centuries Why not deal exclusively and completely with either music or literature Why not study the satirist
Parini by the side of the playwright Goldoni rather than study the composer Jommelli who seems to have no connection with
him Why examine the comedies of the time of Salvator Rosa and pass over the tragedies of Alfieri Why linger over forgotten
composers and singers while scientific and philosophic writers whose works are still read and discussed remain unmentioned
The book is seemingly most incoherent in subject and most incomplete and digressive in treatment But the apparent
incoherence of subject is in reality unity of treatment and the apparent incompleteness and irrelevance of treatment is in
reality completeness and restriction of the subject The book deals both with literature and with music because the point of
view of the writer is neither exclusively literary nor exclusively musical but generally aesthetic because the object of the
writer has been to study not the special nature and history of any art in its isolation but to study the constitution and
evolution of the various arts compared with one another and the arts whose constitution and evolution can be studied in a
work on the Italian Eighteenth Century happen to be the drama and music just as the arts which might be studied in a work
on the Athenian fifth century B C would be the drama and sculpture The writer of this book is neither a literary historian nor
a musical critic but an aesthetician and both literature and music belong to the aesthetician's domain About the Publisher
