Feeley,2014-10-10 Designed for advanced undergraduate and graduate courses Research from the Inside Out is an insider s guide to conducting empirically based research Showcasing eight research projects resulting in academic and professional papers this practical supplementary text is an indispensable resource for those intending to further their academic studies in communication or other related social science disciplines In the text Thomas Hugh Feeley guides students as he looks under the hood of the entire research process including the writing skills needed to present research accurately and convincingly for different audiences Feeley provides real conversations with communication researchers often quoting directly from interviews he conducted with them Showing students and future researchers in communication what they learned during each of the eight exemplary studies the researchers candidly reveal the pitfalls discoveries and synchronicities that can happen when conducting research

Communication Studies Andrew Beck,Peter Bennett,Peter Wall,2013-07-23 This book brings together a huge range of material including academic articles film scripts and interplanetary messages adrift on space probes with supporting commentary to clarify their importance to the field Communication Studies The Essential Resource is a collection of essays and texts for all those studying communication at university and pre university level Individual sections address texts and meanings in communication themes in personal communication communication practice culture communication and context debates and controversies in communication Edited by the same teachers and examiners who brought us AS Communication Studies The Essential Introduction this volume will help communications students to engage with the subject successfully Its key features include suggested further activities at the end of each chapter a glossary of key terms a comprehensive bibliography with web resources

Communication Studies Andrew Beck,2004
Studies in Communication, Volume 1 Sari Thomas,1984

Queer(ing) Communication Studies Ahmet Atay,Stephanie L. Young,2024-12-15 In this edited volume contributors recognize and reflect on communication studies queer past and examine the current state of queer theorizing within communication studies Through this reflection the book fills in gaps in the history of this sub discipline and demonstrates that even as scholars in the field empowered queer voices in the past they often failed to recognize the intersectional aspects of queer identity through which scholars can form new understandings of past scholarship in new queer er lights Ultimately contributors collectively provide a critique for the lack of broader inclusion of queer theorization in the field and provide new pathways for the continued development of queer communication studies
