Studies In Honour Of T B L Webster Vol Ii Only

John R. Wallach

Studies In Honour Of T B L Webster Vol Ii Only:

The Rivals of Aristophanes David Harvey, John Wilkins, 2002-12-31 The work of the other comic poets of classical Athens those who competed with and in some cases defeated their eventually better known fellow comedian Aristophanes has almost eluded the historical record The poetry of Cratinus Phrynichos Eupolis and the rest has survived only in tantalising often tiny fragments and citations Modern studies in this field have themselves often been difficult of access Here an exceptional cast of scholars including most of the leading international authorities provides a set of 28 interpretative essays to cover every one of these other poets of Athenian Old Comedy for whom significant evidence survives The work includes a comprehensive bibliography and is a landmark in the study of Old Comedy *The Iliad: A Commentary: Volume 5, Books 17-20* G. S. Kirk, Mark W. Edwards, Richard Janko, John Bryan Hainsworth, Nicholas James Richardson, 1985 The fifth volume of the major six volume commentary on Homer's Iliad is the first to be edited by one of G S Kirk's four collaborators It also consists of four introductory essays including discussions of similes and other features of narrative style followed by the commentary The Play of Language in Ancient Greek Comedy Kostas Apostolakis, Ioannis M. Konstantakos, 2024-05-06 Ancient Greek comedy relied primarily on its text and words for the fulfilment of its humorous effects and aesthetic goals In the wake of a rich tradition of previous scholarship this volume explores a variety of linguistic materials and stylistic artifices exploited by the Greek comic poets from vocabulary and figures of speech metaphors similes rhyme to types of joke obscenity and the mechanisms of parody Most of the chapters focus on Aristophanes and Old Comedy which offers the richest arsenal of such techniques but the less ploughed fields of Middle and New Comedy are also explored Emphasis is placed on practical criticism and textual readings on the examination of particular artifices of speech and the analysis of individual passages The main purpose is to highlight the use of language for the achievement of the aesthetic artistic and intellectual purposes of ancient comedy in particular for the generation of humour and comic effect the delineation of characters the transmission of ideological messages and the construction of poetic meaning The volume will be useful to scholars of ancient drama linguists students of humour and scholars of Classical literature in general **The Oxford Handbook of Greek and Roman Comedy** Michael Fontaine, Adele C. Scafuro, 2014-04 The Oxford Handbook of Greek and Roman Comedy marks the first comprehensive introduction to and reference work for the unified study of ancient comedy From its birth in Greece to its end in Rome from its Hellenistic to its Imperial receptions no topic is neglected The 41 essays offer cutting edge guides through comedy's immense terrain *Word And Image In Ancient Greece* Keith Rutter, 2020-03-31 No detailed description available for Word And Image In Ancient Greece *Relire Ménandre* Eric W. Handley, André Hurst, Studies in Honour J. H. Betts, J. T. Hooker, 1988-01-01 **Essays on Aristotle's Poetics** Amélie Rorty, 1992-08-30 This collection of essays locates Aristotle's analysis of tragedy in its larger philosophical context Philosophers classicists and literary critics connect the Poetics to Aristotle's psychology and history ethics and politics There are discussions of plot and the unity of action

character and fictional necessity catharsis pity and fear and aesthetic pleasure The Platonic Political Art John R. Wallach, 2015-12-16 In this first comprehensive treatment of Plato's political thought in a long time John Wallach offers a critical historicist interpretation of Plato. Wallach shows how Plato's theory while a radical critique of the conventional ethical and political practice of his own era can be seen as having the potential for contributing to democratic discourse about ethics and politics today. The author argues that Plato articulates and solves his Socratic Problem in his various dialogues in different but potentially complementary ways. The book effectively extracts Plato from the straightjacket of Platonism and from the interpretive perspectives of the past fifty years principally those of Karl Popper, Leo Strauss, Hannah Arendt, M. I. Finley, Jacques Derrida, and Gregory Vlastos. The author's distinctive approach for understanding Plato and he argues for the history of political theory in general can inform contemporary theorizing about democracy opening pathways for criticizing democracy on behalf of virtue, justice, and democracy itself. The City as Comedy Gregory W. Dobrov, 1997 Thirteen essays combine classical scholars' interest in theatrical production with a growing interdisciplinary inquiry into the urban contexts of literary production. At once a study of classical Greek literature and an analysis of cultural production, this collection reveals how for two centuries Athens itself was transformed, staged as comedy and ultimately shaped by contemporary material, social, and ideological forces.

This is likewise one of the factors by obtaining the soft documents of this **Studies In Honour Of T B L Webster Vol Ii Only** by online. You might not require more get older to spend to go to the book inauguration as capably as search for them.
