A Study into the Thought of Kōgyō Daishi Kakuban Henny van der Veere, 2021-07-26 Kakuban 1095-1144 is the second most important figure in the history of the Shingon sect of Esoteric Buddhism but there are few studies about him in Western languages. This work contains a biography and a discussion of Kakuban's works focusing on his doctrines. Although it is widely believed that Kakuban incorporated Amidist ideas and practices into Shingon, this study shows that Kakuban's aim was to explain the practices of other schools from an orthodox Shingon point of view. The translations of Kakuban's major works, the Amida hishaku and the Gorin kuji myō himitsushaku, clearly support this idea.
