Study In Social Survival A Katun In The Bileca Rudine:

A study in social survival: The Katun in Bileća Rudine Wayne S. Vucinich, 1975 A Study in Social Survival Wayne S. Vucinich, 1975 **A Study in Social Survival** Wayne S. Vucinich, 1975 **Household and Family in the Balkans** Karl Kaser, 2012 On the occasion of the 20th anniversary of the foundation of the Balkan Family History Project at the University of Graz in 1993 this volume unites the most outstanding essays by the project members that have appeared over the course of the previous two decades scattered in various journals and books These essays cover the interval from the 19th to the 21st century and reflect the current status of Balkan family research in historical anthropological and demographical perspectives Series Studies on South East Europe Vol 13 *Yugoslavia and Its Historians* Norman M. Naimark, Holly Case, 2003-02-19 Most of what has been written about the recent history of Yugoslavia and the fierce wars that have plagued that country has been produced by journalists political analysts diplomats human rights organization the United Nations and other government and intergovernmental organizations Professional historians of Yugoslavia however have been strangely silent about the wars and the breakup of the country This book is an effort to end that silence The goal of this volume is to bring together insights from a distinguished group of American and European scholars of Yugoslavia to add depth to our historical understanding of that country s recent struggles The first part of the volume examines the ways in which images of the Yugoslav past have shaped current understandings of the region The second part deals more directly with the events of the recent past and also looks forward to some of the problems and future prospects for Yugoslavia s successor states

Balkan Worlds: The First and Last Europe Traian Stoianovich, 2015-05-20 Encompassing the period from the Neolithic era to the troubled present this book studies the peoples societies and cultures of the area situated between the Adriatic Sea in the west and the Black Sea in the east between the Alpine region and Danube basin in the north and the Aegean Sea in the south This is not a conventional history of the Balkans Drawing upon archaeology anthropology economics psychology and linguistics as well as history the author has attempted a total history that integrates as many as possible of the avenues and categories of the Balkan experience Venice and the Slavs Larry Wolff, 2001 This book studies the nature of Venetian rule over the Slavs of Dalmatia during the eighteenth century focusing on the cultural elaboration of an ideology of empire that was based on a civilizing mission toward the Slavs The book argues that the Enlightenment within the Adriatic Empire of Venice was deeply concerned with exploring the economic and social dimensions of backwardness in Dalmatia in accordance with the evolving distinction between Western Europe and Eastern Europe across the continent It further argues that the primitivism attributed to Dalmatians by the Venetian Enlightenment was fundamental to the European intellectual discovery of the Slavs The book begins by discussing Venetian literary perspectives on Dalmatia notably the drama of Carlo Goldoni and the memoirs of Carlo Gozzi It then studies the work that brought the subject of Dalmatia to the attention of the European Enlightenment the travel account of the Paduan philosopher Alberto Fortis which was translated from Italian into

English French and German The next two chapters focus on the Dalmatian inland mountain people called the Morlacchi famous as savages throughout Europe in the eighteenth century The Morlacchi are considered first as a concern of Venetian administration and then in relation to the problem of the noble savage anthropologically studied and poetically celebrated The book then describes the meeting of these administrative and philosophical discourses concerning Dalmatia during the final decades of the Venetian Republic It concludes by assessing the legacy of the Venetian Enlightenment for later perspectives on Dalmatia and the South Slavs from Napoleonic Illyria to twentieth century Yugoslavia **Monographic Series** Library of Congress,1976 *The to Z of Bosnia and Herzegovina* Ante Cuvalo,2010-04-08 Diversity has always been at the heart of Bosnia and Herzegovina s character even its dual name and physical geography display a particular heterogeneity The medieval Bosnian state never enjoyed lasting political and ideological unity as its feudal regional and religious rifts pulled at the country s seams Furthermore because of its location and by a quirk of history three major world religious and cultural traditions Catholicism Islam and Orthodoxy became cohabitants in this small Balkan country Recently the rebirth of its statehood has been exceptionally bloody and its diversity has been shaken Even 11 years after the guns were silenced the country is still under the benevolent protection of the international community whose officials are keeping the state building process in perpetual suspense with no final result in sight The A to Z of Bosnia and Herzegovina sheds light on the uncertain situation Bosnia and Herzegovina faces while providing essential background information This is accomplished through a chronology an introduction a bibliography and more than 300 cross referenced dictionary entries on individual topics spanning Bosnia and Herzegovina s political economic religious and social system along with short biographies on important figures *Annual Review of Anthropology* Bernard J. Siegel,1983
