Loupescou,2014-09-19 You have dreams all your life some of which you never forgot because you believe or feel that they have been somehow important in your life You are right The same is the case with all people across this planet and throughout all of its history regardless of whether they confess to it or not and that is the reason dreams have always been the focus of scientific research It is not surprising that as we speak top scientists are studying the function of dreams and try to decode their messages Researcher Aggil Loupescou did just that This book will guide you into an exploration of the non conscious part of your being and help you to understand who you really are You will have a double gain psychological balance and concordant development of the conscious and unconscious parts of yourselves as well as positive energy to improve your life on a daily basis It is worth reading it carefully *Prophetic Children: Dreams, Visions, and Supernatural Encounters* D'Andrea Bolden,2017-07 Is your child a dreamer Does your child see visions If so do not ignore them Although every dream or vision does not have any spiritual benefit we still need to listen to our children This is so important because dreams and visions are the language of God Every human being on the planet has the innate ability to receive divine communication from God especially in the form of a dream The concept of dreams is fascinating and has researchers across the globe trying to find answers Dreams are a language all their own and interpretation comes solely from our Heavenly Father So if your child is a dreamer you need to explain to them that God can speak to them through dreams And take the time to show them scriptures about dreams This will cause them to be more mindful and pay attention when they have dreams Remember in 1 Samuel the 3rd chapter God was speaking to Samuel but he was young and did not yet know the voice of the Lord Very often God is speaking to our children and it is up to us to teach them to recognize and respond to the voice of the Lord Understand that not only will God communicate with children in dreams and visions the enemy will try and come with demonic communication Many prophetic children that are dreamers battle with nightmares and being harassed at night by demonic spirits Some children dream vividly almost every night and taking the time to listen to their dreams can give some insight to the source of their dreams or even reveal a message that God has been speaking through dreams The first half of this book is geared towards you the parents and other adults that are responsible for prophetic children The second half of this book is some activities for you to do along with your prophetic child
