Supernature Pennines Jenny Randles,2002 Since ancient times the moors and valleys within the Pennine hills have been fertile ground for strange phenomena Supernatural Pennines relates over 100 of these inexplicable case histories which have come to light through regional surveys and in depth examinations We learn of the stretch of the Yorkshire Lancashire border which has a record number of claims of alien abduction and where odd lights in the sky are so frequently observed that it is known as UFO Alley There are cases of poltergeist inducing rain humming noises emerging from the ground big cats roaming ghost like through the peaks ice bombs raining on houses from clear skies mysterious burns to the skin the extinguishing of street lights and even flying dinosaurs Supernatural Isle of Man Jenny Randles,2003 The ancient kingdom of Mann has many unique charms from its steam trains and horse trams to the world s oldest unbroken parliamentary democracy However the island is also home to a rich gathering of legends and present day mysteries Where else in modern times would you find a UFO crash on a mountain top alongside precautions to ensure that the present British monarch paid homage to strange beings that live under a bridge This book brings you the adventures of the fenoderee who created the world s first crop circles It talks about the fearsome moddey dhoo that terrified castle guards plus dozens of other amazing cases including the most bizarre twentieth century poltergeist story on record Even the island s creation myth is steeped in the supernatural Whether following these weird tales from the comfort of your armchair or using the book s visitor friendly features on an actual trip you will find that wonder and mystery are alive and well just 60 miles off the British shores Supernatural Isle of Man is the most informative and up to date account of this magical island Paranormal Encounters on Britain's Roads Peter A. McCue,2018-02-19 In this detailed book Dr Peter McCue reflects on the enormous range of paranormal phenomena to have been reported along Britain s roads and examines the theory that certain areas seem to be hotspots for such occurrences such as the A75 and B721 roads in southern Scotland and the Blue Bell Hill area in Kent He delves into the sightings of apparitional vehicles encounters with colliding apparitions phantom hitch hikers out of place big cats phantom black dogs UFOs missing time strange memory gaps vehicle interferences such as mysterious breakdowns and incidents in which drivers and passengers seem to have been translocated in space or time This thorough book debates the evidence and theories in a critical but open minded way and is a welcome addition to the genre *Britain's Paranormal Forests* Peter A. McCue,2019-10-07 Peter A McCue examines intriguing reports of people experiencing uncanny events in Britain s woods and forests from mysterious lights and strange animal encounters to ghostly experiences Much of the reported witness testimony was obtained first hand by McCue or other researchers While he draws sceptical conclusions about some of the alleged incidents he takes others seriously and considers possible explanations Fully illustrated and written in McCue s inimitable style Britain s Paranormal Forests will make you think again about your next walk in the woods *The Alien Book* Nick Redfern,2019-09-01 Unmasking the mysteries of alien life on earth Make mention of the word alien
