

Supreme Court Case Analysis Guide

Name of the case: Citizens United v. Federal Election Commission

Year decided: 2010

Fact/petitioner did what, and how did the case end up in court?

Citizens United sought an injunction against the Federal Election Commission in the United States District Court for the District of Columbia to prevent the application of the Bipartisan Campaign Reform Act (BCRA) to its film *Hillary: The Movie*. The *Morse* expressed opinions about whether Senator Hillary Rodham Clinton would make a good president.

In an attempt to regulate "big money" campaign contributions, the BCRA applies a variety of restrictions to "electioneering communications." Section 203 of the BCRA prevents corporations or labor unions from funding such communication from their general treasuries. Sections 201 and 311 require the disclosure of donors to such communication and a disclaimer when the communication is not authorized by the candidate it intends to support.

Citizens United argued that: 1) Section 203 violates the First Amendment on its face and when applied to *The Movie* and its related advertisements, and that 2) Sections 201 and 203 are also unconstitutional as applied to the circumstances.

The United States District Court denied the injunction. Section 203 on its face was not unconstitutional because the Supreme Court in *McConnell v. FEC* had already reached that determination. The District Court also held that *The Movie* was the functional equivalent of express advocacy, as it attempted to inform voters that Senator Clinton was unfit for office, and thus Section 203 was not unconstitutionally applied. Lastly, it held that Sections 201 and 203 were not unconstitutional as applied to the *The Movie* or its advertisements. The court reasoned that the *McConnell* decision recognized that disclosure of donors "might be unconstitutional if it imposed an unconstitutional burden on the freedom to associate in support of a particular cause," but those circumstances did not exist in *Citizen United's* claim.

A Citizen's Guide to American Foreign Policy David Patrick Houghton,2013-11-20 American foreign policy often looks like a trail of man made debris and disaster Of course the explanations for many poorly made decisions are rather complex In this brief and cogent analysis Houghton shows us that understanding American foreign policy often comes down to recognizing the cognitive limitations of the decision makers which affects the foreign policy process Then there is the nature of the decisions themselves Quite a few decisions in American foreign policy involve tragic choices where leaders are effectively confronted with a series of progressively bad or uncomfortable options And it is equally clear that some policies are not the product of any one individual s preferences but emerge as a consequence of the way in which complex modern governments with large bureaucracies operate Written with the interested layperson in mind as well as students of international affairs this Citizen s Guide to American Foreign Policy asks questions like Why do presidents so often do things which seem to be directly against the national interests of the United States not just in retrospect but even at the time Why do there seem to be so many fiascoes in US foreign policy Why does Congress sometimes tie the hands of the president in foreign affairs Why do presidents seem to respond more to opinion polls or to what s on CNN and Fox News than they do to the core interests of the United States Houghton s overview helps us see past the partisan in fighting that too often obscures the central issues in foreign affairs This is vital required reading for all readers who wish to better understand America s involvement in the world

Wayne P. Steger,2015-04-10 Presidential nominations in the United States can sometimes seem like a media circus over hyped and overly speculative Even informed citizens might be tempted to tune them out Yet understanding the process one distinct to American politics is crucial for civic participation If presidential elections are about who will lead the nation presidential nominations are about who appears on the ballot This concise and coherent Citizen s Guide examines who has power in presidential nominations and how this affects who we as citizens choose to nominate and ultimately to sit in the Oval Office Political scientist Wayne Steger defines the nominating system as a tension between an insider game and an outsider game He explains how candidates must appeal to a broad spectrum of elected and party officials political activists and aligned groups in order to form a winning coalition within their party which changes over time Either these party insiders unify early behind a candidate effectively deciding the nominee before anyone casts a vote or they are divided and the nomination is determined by citizens voting in the caucuses and primaries Steger portrays how shifts in party unity and the participation of core party constituencies affect the options presented to voters Amidst all this the candidate still matters Primaries with one strong candidate look much different than those with a field of weaker ones By clearly addressing the key issues past and present of presidential nominations Steger s guide will be informative relevant and accessible for students and general readers alike **Citizen's Guide to Criminal Law** Monica Sakhrani,2009
