Supreme Command Soldiers Statesmen And Leadership In Wartime Library Edition:

Supreme Command Eliot A. Cohen, 2012-10-01 SUPREME COMMAND is about leadership in wartime or more precisely about the tension between two kinds of leadership civil and military Eliot Cohen uncovers the nature of strategy making by looking at four great democratic war statesmen and seeing how they dealt with the military leaders who served them In doing so he reveals fundamental aspects of leadership and provides not merely an historical analysis but a study of issues that remain crucial today By examining the cases of four of the greatest war statesmen of the twentieth century he explores the problem of how people confront the greatest challenges that can befall them in this case national leaders Beginning with a discussion of civil military relations from a theoretical point of view Cohen lays out the conventional beliefs about how politicians should deal with generals and the extent to which either can influence the outcome of war From these he draws broader lessons for students of leadership generally

American Defense Policy Paul J. Bolt, Damon V. Coletta, Collins G. Shackelford, 2005 American Defense Policy has been a mainstay for instructors of courses in political science international relations military affairs and American national security for over 25 years The updated and thoroughly revised eighth edition considers questions of continuity and change in America s defense policy in the face of a global climate beset by geopolitical tensions rapid technological change and terrorist violence On September 11 2001 the seemingly impervious United States was handed a very sharp reality check In this new atmosphere of fear and vulnerability policy makers were forced to make national security their highest priority implementing laws and military spending initiatives to combat the threat of international terrorism In this volume experts examine the many factors that shape today s security landscape America s values the preparation of future defense leaders the efforts to apply what we have learned from Afghanistan and Iraq

The Politico-Military Dynamics of European Crisis Response Operations Alexander Mattelaer, 2013-06-02 How do Europeans engage in military strategy Through detailed comparisons of operational planning and exploring the framework of the EU NATO and the UN this book sheds light on the instrumental nature of military force the health of civil military relations in Europe and the difficulty of making effective strategy in a multinational environment

Mightier Than the Sword Alice Hunt Friend, 2024-04-16 The civilian role in managing the military has never been more important Today civilian leadership of defense policy is challenged by the blurring line between war and competition and the speed of machine decision making on the battlefield Moreover the legitimacy of political leaders and civil servants has been undermined by a succession of foreign policy failures and by imbalances of public faith in the military on the one hand and disapproval of civilian institutions on the other A central question emerges What does appropriate and effective civilian control of the military look like Combining scholarly expertise and firsthand civilian experience in the Department of Defense Friend argues that civilians combine authoritative status institutional functions and political expertise to ensure that democratic preferences over the use of force prevail Friend focuses on the ways political context shapes whether and how civilian

controllers the civilians in professional and institutional positions with the responsibility for defense matters exercise control over the military and each other Mightier Than the Sword provides insights that enrich civil military relations scholarship as well as lessons aimed at revitalizing American democracy Indispensable Gautam Mukunda,2012 The author helps readers figure out which leaders matter why and when and what lessons they can learn from those who do matter Leaders from politics and business are profiled they include Abraham Lincoln Neville Chamberlain Woodrow Wilson Thomas Jefferson Winston Churchill Jamie Dimon Al Dunlap Sir Jacky Fisher and Judah Folkman **Strategy in the Contemporary World** John Baylis,James J. Wirtz,Colin S. Gray,2019 A complete introduction to strategy in the contemporary world which critically explores the enduring present and emerging issues dominating the field of strategy 4e de couv Public Library Catalog Juliette Yaakov,2004 More than 8 000 books in the main volume More than 2 400 new titles in annual paperbound supplements More than 2 000 analytic entries for items in collections and anthologies **Library Journal** ,2002 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Warheads Carl Kenneth Allard,2006 What happens when a nation loses an important part of its connection with history when its heritage and even its roots are sacrificed to political expediency When the offspring of The Greatest Generation out source national service to other people s kids Finally having distanced themselves from the harsh realities of war what happens when an implacable enemy with an ideology of generations long conflict attacks this country The answer is that the nation watches the war on TV the Electronic Coliseum that substitutes for the direct experience that our Founders always assumed would be a cornerstone of American democracy Warheads reveals what goes on behind the closed doors of that coliseum from the make up rooms and TV studios of cable news to the E ring conference rooms of the Pentagon Written by one of the best known members of television s elite cadre of military analysts or Warheads Colonel Ken Allard s hard hitting and often hilarious narrative shows how he and his colleagues from MSNBC CNN and Fox News covered the events of 9 11 the war in Afghanistan and the invasion of Iraq usually in hits of three minutes or less In his book Allard also considers the tough issues that the Warheads could seldom wedge into their hits that technology is never the final answer in warfare and that from Hurricane Katrina to the war on terror no robot can substitute for the American soldier He concludes with the highly provocative question Are the American political and media establishments up to the challenges of a war from which there may be neither end nor retreat *Lincoln Herald* ,2002
