Surmounting The Barricades Women In The Paris Commune

Laura C. Forster

Surmounting The Barricades Women In The Paris Commune:

Surmounting the Barricades Carolyn J. Eichner, 2004-11-12 This book vividly evokes radical women's integral roles within France's revolutionary civil war known as the Paris Commune. It demonstrates the breadth, depth, and impact of communard feminist socialisms far beyond the 1871 insurrection. Examining the period from the early 1860s through that century's end, Carolyn J. Eichner investigates how radical women developed critiques of gender, class, and religious hierarchies in the immediate pre-Commune era; how these ideologies emerged as a plurality of feminist socialisms within the revolution; and how these varied politics subsequently affected fin de siècle gender and class relations. She focuses on three distinctly dissimilar revolutionary women leaders who exemplify multiple competing and complementary feminist socialisms: André Leo, Elisabeth Dmitrieff, and Paule Mink. Leo theorized and educated through journalism and fiction; Dmitrieff organized institutional power for working-class women; and Mink agitated crowds to create an egalitarian socialist world. Each woman forged her own path to gender equality and social justice. *Surmounting the Barricades* Carolyn Jeanne Eichner, 1996

Surmounting the Barricades Carolyn Jeanne Eichner, 2004-11-12 This book vividly evokes radical women's integral roles within France's revolutionary civil war known as the Paris Commune. It demonstrates the breadth, depth, and impact of communard feminist socialisms far beyond the 1871 insurrection. Examining the period from the early 1860s through that century's end, Carolyn J. Eichner investigates how radical women developed critiques of gender, class, and religious hierarchies in the immediate pre-Commune era; how these ideologies emerged as a plurality of feminist socialisms within the revolution; and how these varied politics subsequently affected fin de siècle gender and class relations. She focuses on three distinctly dissimilar revolutionary women leaders who exemplify multiple competing and complementary feminist socialisms: André Leo, Elisabeth Dmitrieff, and Paule Mink. Leo theorized and educated through journalism and fiction; Dmitrieff organized institutional power for working-class women; and Mink agitated crowds to create an egalitarian socialist world. Each woman forged her own path to gender equality and social justice. *The Paris Commune* Carolyn J. Eichner, 2022-03-18 The Paris Commune, France's revolutionary civil war, rocked the nineteenth century and shaped the twentieth. A pivotal moment in history, it is the linchpin between revolutionary pasts and futures and as the crucible allowing alternate possibilities. Upending hierarchies, the Commune became a touchstone for subsequent revolutionary and radical social movements.

The Paris Commune in Britain Laura C. Forster, 2025-04-26 Following the defeat of the Paris Commune in May 1871, thousands of Commune militants fled France to avoid imprisonment, deportation, or death. As a result, and due in large part to Britain's liberal asylum policy, around 3500 refugees arrived in Britain in the early 1870s. These exiles and the revolution they represented generated a widening ripple that reverberated through British political culture. *The Paris Commune in Britain* is a book about radical ideas and the people and places that make them. It is about how ideas are forged, propagated, and lived, and the mechanisms by which past radicalisms are mobilised in new presents. The focus is the political refugees who came to

Britain following the defeat of the Paris Commune in 1871 Considering the intellectual impact of these revolutionary refugees and the longer cultural and political afterlives of the Paris Commune in Britain the book reconstructs a transnational intellectual history alive to the intimate embodied spatial active and emotional contexts in which these political ideas were produced and exchanged The book argues that the Paris Commune mattered in Britain Its diffuse legacies operated across differing scales from intimate friendships that prompted individual political conversions to the production of international symbols able to galvanise a nationwide socialist movement And these legacies waned and waxed in the decades long after the Commune refugees left Britain In exploring these different scales of influence the book makes broader contributions to modern British French and European social cultural and intellectual history as well as urban history and the history of exile and migration more generally

Spanish Women and the Colonial Wars of the 1890s D. J. Walker, 2008-05-01 In the late 1890s a journalist wrote Spanish women would rather weep at a husband's or a son's gravesite than blush for lack of patriotic fervor Yet at a time when women were expected to sacrifice their sons and husbands willingly for the sake of the nation women organized and led three significant demonstrations against conscription in Spain In *Spanish Women and the Colonial Wars of the 1890s* D J Walker succeeds not only in contextualizing these demonstrations but also in elucidating what they suggested to contemporaries about the role of women in public life in late nineteenth century Spain During Spain's military action against an uprising in its North African enclave of Melilla 1893 and its wars against separatists in Cuba 1868-78 1895-98 and the Philippines 1896-98 Spaniards could pay a fee to the government to avoid being drafted leaving the poor to fill the military's ranks To protest unequal conscription practices women organized a demonstration in Zaragoza on August 1 1896 and two smaller demonstrations followed in Chiva Valencia and Viso del Alcor near Sevilla While such demonstrations were small in number and had no effect on government policy they received considerable attention in Spain and across the globe Drawing on a broad range of primary sources including literature memoirs and visual representations Walker explores what the eruption of these protests meant to the various groups that made up the political opposition in Spain She also considers the extent to which the history of women in the 1890s yields insights into the Spanish government's efforts to muffle any calls for change that were connected either to the status of women or that of the working classes She reviews the representation of women in connection to war and violence in the press and in other contemporary writings as well as the perceptions of women and violence regarding the Paris Commune still a vivid memory for a number of Spaniards in 1896 and anarchism The appendix includes excerpts from primary sources that present often neglected ideas and programs of dissident women including Teresa Claramunt Soledad Gustavo and Angeles Lopez de Ayala Affording specific insights into the formidable obstacles including the Catholic Church class and gender animosities that blocked change in the status and role of women in Spanish society *Spanish Women and the Colonial Wars of the 1890s* delineates the beginnings of meaningful struggles against those barriers

Children of the Revolution Robert Gildea, 2008 For those who lived in the wake of the

French Revolution its aftermath left a profound wound that no subsequent king emperor or president could heal Children of the Revolution follows the ensuing generations who repeatedly tried and failed to come up with a stable regime after the trauma of 1789 Handbook of Progressive Politics Alice Mattoni,2025-03-12 In this engaging Handbook Alice Mattoni brings together an international team of scholars to provide a multifaceted exploration of progressive politics Contributing authors expertly discuss progressive politics within contemporary global debates addressing contentious issues and acknowledging the impact of technological advances on the political landscape **"French Sculpture Following the Franco-Prussian War, 1870-1900"** Michael Dorsch,2017-07-05 French Sculpture Following the Franco Prussian War 1870-1900 investigates the role played by the trope of the strong woman fallen man in re establishing morale among the French people following the Franco Prussian War The study explores how certain French sculptors including Falgui Merci Barrias and Rodin presented this recent history of defeat in commemorative monuments that increasingly dominated public space across France during the final decades of the nineteenth century Though it focuses on French nationalism and the commemoration of war or as is the case with the French following the Franco Prussian War the commemoration of defeat this volume also examines shifts in gender roles in the latter half of the nineteenth century and the impact of military defeat on relations between the sexes The book probes the aesthetic discourse of the period concerning the merits of traditional allegorical sculpture versus new fangled realist sculpture in depicting modern life Drawing on extensive archival research Michael Dorsch gives a voice to the sculptures he discusses restoring these often ignored works to their proper place in history

France and Its Empire Since 1870 Alice L. Conklin,Sarah Fishman,Robert Zaretsky,2015 Providing an up to date synthesis of the history of an extraordinary nation one that has been shrouded in myths many of its own making France and Its Empire Since 1870 seeks both to understand these myths and to uncover the complicated and often contradictory realities that underpin them It situates modern French history in transnational and global contexts and also integrates the themes of imperialism and immigration into the traditional narrative Authors Alice L Conklin Sarah Fishman and Robert Zaretsky begin with the premise that while France and the U S are sister republics they also exhibit profound differences that are as compelling as their apparent similarities The authors frame the book around the contested emergence of the French Republic a form of government that finally appears to have a permanent status in France but whose birth pangs were much more protracted than those of the American Republic Presenting a lively and coherent narrative of the major developments in France s tumultuous history since 1870 the authors organize the chapters around the country s many turning points and confrontations They also offer detailed analyses of politics society and culture considering the diverse viewpoints of men and women from every background including the working class and the bourgeoisie immigrants Catholics Jews and Muslims Bretons and Algerians rebellious youth and gays and lesbians

Recognizing the habit ways to get this book **Surmounting The Barricades Women In The Paris Commune** is additionally useful.
