

1-5 Play - Skill Building Warm-up (Pitcher fielding, underhand toss to third baseman)

1. SET UP:

- Place the pitching rubber 30'-35' from third base
- Two kids at the pitcher position; two kids at third base position (15' off the base/foul line)
- Coach 40' from the third baseman.

2. TEACH:

On a ball hit straight back to the pitcher or to the pitcher's right, the pitcher can usually use the underhand toss for the throw to third base.

With runners on first and second we want to get the lead runner at third when possible.

Third Baseman, "**Cover the base with your eyes**", then set up in a "Ready Position" facing the ball. After tagging the base, the third baseman, in a 'Power Position', shuffles a couple steps towards the 'middle of the infield' and "Looks for Other Runners".

3. OBJECTIVES:

Players come to recognize the value of the underhand toss technique and that it can be successfully used very often.

Players ingrain the habit of getting into a "Ready Position" when preparing to receive a throw at a base.

4 DRILL:

Coach rolls a ground ball 10' to the third baseman's right.

Third Baseman - "**Cover the base with your eyes**", gets in a "Ready Position", "Move Your Feet to Catch", get the "Ball first and the base second", tag the base and then "Look for Other Runners". After finishing the play the third baseman rolls the ball in to the coach, then rotates to pitcher.

Pitcher fields the ball with "[feet] Wide Apart", then runs towards third base - "Move Your Feet (to throw)"; uses proper underhand toss technique and follows their throw - "Follow Your Head".

While those two players are rotating, the coach rolls the ball to the next third baseman who tosses the ball to the next pitcher.
