*Parenting Your Kids with Grace (Birth to Age 10)* Dr. Greg, Lisa Popcak, 2021-04-01 Believe it or not the Catholic family isn't primarily a human institution. It's a divine one. By uniting with the sacramental life of the Church, your common ordinary crazy family becomes something sacred: a domestic church. Family therapist and parent Gregory Popcak and his wife Lisa are back with *Parenting Your Kids with Grace*, building on their best-selling book *Parenting with Grace*, first published twenty years ago. This new volume draws on the same parenting principles and provides up-to-date research to guide parents through each stage of child development from birth to age ten. Practical, faithful, and humorous, *Parenting Your Kids with Grace* addresses four key questions: Are Catholic families called to be different from other families in the way we relate to one another in the home? If so, how? What does an authentic family-based approach to Catholic spirituality look like in practice? What can the latest research tell us about creating a faithful home and raising faithful kids? How can Catholic families be outposts of evangelization and positive social change? By checking our basic assumptions about parenting against both the Church's vision and what science can teach about living out that vision in healthy ways, we can discover God's plan for parenting healthy, godly kids.

WE board member and lawyer Tawfiq Rangwala unpacks the evidence and provides the critical context around the headline grabbing controversies that have shaped the narrative Drawing on the factual record his personal experiences inside the organization and extensive interviews with supporters and critics Rangwala cuts through the fog and explains what really happened why it happened and who should be held to account The author goes even deeper with insightful compassionate and heartbreaking interviews with WE supporters benefactors and the politicians that used the awarding of the contract during the global pandemic crisis to paint a picture of conflicts of interest and special favours by the Prime Minister Along the way we learn what has been lost and the personal cost to Canadians and people around the world More than just a story of the rise and fall of an iconic global charity this is a cautionary tale of the collateral damage that can be levelled by unchecked partisan politics social media pundits and sensationalist headlines In the end Canadians are left to ponder whether the real scandal is the demise of WE Charity and the values of fair play and due process that most of us hold dear
