Teaching With Technologies: The Essential Guide Younie, Sarah,Leask, Marilyn,2013-02-01 This book focuses on the current state of play with the integration of digital technologies into school based teaching and learning As well as a comprehensive analysis of developments to date it identifies what works with technology and education The Plurilingual TESOL Teacher Elizabeth Ellis,2016-10-24 This book introduces a new topic to applied linguistics the significance of the TESOL teacher s background as a learner and user of additional languages The development of the global TESOL profession as a largely English only enterprise has led to the accepted view that as long as the teacher has English proficiency then her or his other languages are irrelevant The book questions this view Learners are in the process of becoming plurilingual and this book argues that they are best served by a teacher who has experience of plurilingualism The book proposes a new way of looking at teacher linguistic identity by examining in detail the rich language biographies of teachers of growing up with two or more languages of learning languages through schooling or as an adult of migrating to another linguaculture of living

in a plurilingual family and many more The book examines the history of language in education policy which has led to the development of the TESOL profession in Australia and elsewhere as a monolingual enterprise It shows that teachers language backgrounds have been ignored in teacher selection teacher training and ongoing professional development The author draws on literature in teacher cognition bilingualism studies intercultural competence bilingual lifewriting and linguistic identity to argue that languages play a key part in the development of teachers professional beliefs identity language awareness and language learning awareness Drawing on three studies involving 115 teachers from Australia and seven other countries the author demonstrates conclusively that large numbers of teachers do have plurilingual experiences that these experiences are ignored in the profession but that they have powerful effects on the formation of beliefs about language learning and teaching which underpin good practice Those teachers who identify as monolingual almost invariably have some language learning experience but it was low level short lived and unsuccessful How does the experience of successful or unsuccessful language learning and language use affect one s identity beliefs and practice as an English language teacher What kinds of experience are most beneficial These concepts and findings have implications for teacher language education teacher professional development and the current calls for increased plurilingual practices in the TESOL classroom

**Primary English Curriculum Guide** Christine Moorcroft, Ray Barker, 2013-11-26 First Published in 2001 The purpose of this curriculum guide is to help student teachers and newly qualified teachers to make a start on learning how to become competent teachers of English Despite the emphasis given in training courses to the teaching of English newly qualified teachers often feel underprepared for it and frequently mention their concerns about this These concerns can be partly explained by a general lack of confidence in this key area and partly by widespread media and political criticism of the teaching of literacy It is also because it is often difficult for a student to make the connection between observation of key teaching strategies and his or her own personal practice

Application of AI in the Teaching and Learning of English as a Foreign Language (EFL) Baba Khouya, Youssef, Ismaili Alaoui, Abderrahmane, 2025-05-28 The application of artificial intelligence AI in the teaching and learning of English as a Foreign Language EFL transforms traditional educational practices by offering more personalized efficient and interactive learning experiences AI powered tools enable learners to receive instant feedback engage in conversational practice and tailor content to individual learning styles AI facilitates adaptive learning platforms that analyze students progress and adjust difficulty and content type For educators AI can assist in automating administrative tasks assessing student performance and identifying areas for learner support Further research may enable more data informed and responsive teaching strategies in EFL contexts Application of AI in the Teaching and Learning of English as a Foreign Language EFL explores the application of AI in the teaching and learning of EFL Through an applied linguistics lens this publication examines how AI technologies transform traditional EFL methodologies addressing the potential of AI to personalize learning optimize language assessment and facilitate language acquisition while also

tackling challenges ethical considerations and the need for interdisciplinary collaboration This book covers topics such as ethics and law lexicology and gamification and is a useful resource for educators linguists and language experts computer engineers academicians researchers and scientists Teaching across Cultures Chinwe H. Ikpeze, 2015-04-27 Teaching across Cultures Building Pedagogical Relationships in Diverse Contexts captures the tensions complexities as well as the transformational potentials of teaching across multiple cultural contexts The book evolved from cumulative self studies that examined one teacher educator's teaching practice the cultural impact on this practice and how she facilitated transformative teaching and learning While every act of teaching occurs across cultures such as institutional culture invisible cultures classroom cultures among others educators who teach as cultural outsiders have to navigate the tensions complexities and contradictory realities of cross cultural teaching The tensions can be reduced or managed through responsive pedagogy relationship building and teaching in the third space These transformational approaches not only help to identify and close the perpetual gaps in teaching and learning but also position effective teaching within a pedagogical common ground that values student voices facilitates pedagogical flexibility and uses diversity as a teaching tool In a world of ubiquitous and interactive learning environments both the physical and virtual spaces play a vital role in teaching and teacher student relationships The book points to the necessity of teacher educators learning through diverse professional networks but more importantly through self study It is only through this introspective examination of one's teaching and students learning as well as taking an ontological attitude to teaching that educators can achieve success in diverse contexts
