Teaching For Equity And Diversity:

Teaching through Challenges for Equity, Diversity, and Inclusion (EDI) Stephanie L. Burrell Storms, Sarah K. Donovan, Theodora P. Williams, 2020-02-19 Colleges and universities cannot ignore the increasingly diverse student population in their classrooms and how a focus on equity diversity and inclusion across disciplines trains students in the intercultural awareness they will need in competitive job markets Yet while faculty may be aware of a need to understand EDI goals in relationship to their disciplines and institutions may support EDI in theory the onus of pedagogical training in EDI often falls on individual faculty This book was written by faculty and administrators for educators who value the goals of EDI and seek an intellectual community to help them develop their practice Important to this book is an honest discussion of common challenges faculty may face when they engage in this difficult work and effective strategies for addressing those challenges The chapters are grouped according to six different themes respect for divergent learning styles inclusion and exclusion technology and social action affective considerations reflection for critical consciousness and safe spaces and resistance

Breaking Down Silos for Equity, Diversity, and Inclusion (EDI) Stephanie L. Burrell Storms, Sarah K. Donovan, Theodora P. Williams, 2020-02-19 Equity diversity and inclusion EDI goals have traditionally been seen as either an effort to be managed by the administration or as something a faculty member could choose or not to focus on In the twenty first century EDI goals are increasingly front and center across disciplines as educators prepare students for success in a diverse world It is in this milieu that this book was written Each chapter in this book is designed for use by instructors and administrators in higher education who believe that the goals of EDI should be integrated into the classroom experience The chapters are grouped around five central themes that challenge the structure of a traditional classroom in order to promote goals related to EDI faculty collaboration creative approaches to faculty and student resistance to EDI goals institution wide initiatives community engagement and the use of first person autobiography and storytelling in the classroom Breaking Down Silos for Equity, Diversity, and Inclusion (EDI) Stephanie L. in Higher Education Rita Kumar,Brenda Refaei,2021 AMERICANS PERCEPTION O F COLLEGE S TUDENTS does not correlate with the reality of the rich diversity seen on university campuses Over 60% of Americans believe the average age of a college student is 20 years old but in fact it s 26 4 years old Demographics in the classroom are shifting and instructors bear a responsibility to adjust their teaching style and curriculum to be inclusive for all students Equity and Inclusion in Higher Education Strategies for Teaching edited by Rita Kumar and Brenda Refaei details the necessity for an inclusive curriculum with examples of discipline specific activities and modules The intersectionality of race age socioeconomic status and ability all embody the diversity college instructors encounter in their classrooms Through the chapters in this book the contributors make apparent the hidden curriculum which is taught implicitly instead of explicitly The editors focus on learner centered environments and accessibility of classroom materials for traditionally marginalized students a critical part of the labor needed to create an inclusive curriculum This text provides instructors with resources to create equity based learning environments It challenges instructors to see beyond Eurocentric curricula and expand their pedagogy to include intercultural competence The contributors challenge the student instructor dichotomy and embrace collaboration between the two to construct a curriculum that fits all students needs The resources and examples in this book demonstrate the importance of inclusion and equity in the classroom An open access companion site provides examples and tools from the editors and contributing authors and allows for readers to add materials from their own classrooms This book and companion site allow instructors to begin intentional practice of an inclusive curriculum and implement changes to promote respect for diversity **Encyclopedia of Diversity in Education**

James A. Banks,2012-05-17 The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a systematic and logical way to organize and present the state of research for students and professionals American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we live work and lead With continually evolving information on diversity policies practices and programs it is important to have one place where students scholars

teachers and policymakers can examine and explore research policy and practice issues and find answers to important questions about how diversity in U S education enriched with theories research and practices in other nations are explained and communicated and how they affect institutional change at both the K 12 and postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of Diversity in Education 4 volumes in both print and electronic formats will present research and statistics case studies and best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world including the United States are intricately connected Consequently to illuminate the many aspects of diversity this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference for diversity issues in education in the United States and the world

Teaching Equity through Children's Literature in Undergraduate Classrooms Gayatri Devi, Philip Smith, Stephanie J. Weaver, 2023-08-24 Children's literature has been taught in undergraduate classrooms since the mid 1960s and has grown to become a staple of English literature library science and education programs Children's literature classes are typically among the most popular course offerings at any institution It is easy to understand why children's literature classes promise students the opportunity to revisit familiar works with fresh eyes With the growth of the children's publishing industry and the celebration of recent scholarly interventions in the field the popularity of the discipline is unlikely to abate A central question of current children's literature scholarship and practice is how to effectively address contemporary questions of social justice This collection offers a series of interventions for the practice of teaching equity through children's literature in undergraduate classrooms It is intended for individuals who teach or who are interested in teaching children's literature to undergraduates It includes contributions from practitioners from a range of institutional affiliations disciplinary backgrounds nationalities and career stages Furthermore this volume includes contributions from scholars who belong to groups which are often underrepresented within academia due to race nationality ethnicity gender identity disability or other protected characteristics

Assessment for Equity and Inclusion A. Lin Goodwin, 2012-12-06 How students are assessed can determine not only the quality type and degree of education they receive but has long term consequences for their future Assessment by standardized testing often labels poor and minority children in ways that exclude them from opportunities while failing to measure their true potential Assessment for Equity and Inclusion confronts the debate between standardized testing and alternative assessment methods locating strategies of assessment by which students are included rather than excluded

Teaching for Equity and Diversity Rovell Patrick Solomon, Cynthia Levine-Rasky, Jordan Singer, 2003 This book is the first national study of Canadian educators perspectives and practices of multicultural and antiracism education It explores teachers perspectives on race and ethno cultural equity and offers solutions for some of the most pressing social justice and diversity issues facing educators in contemporary Canadian schools and society Solomon and Levine Rasky suggest that the ineffectiveness of professional development initiatives to move educators from a posture of resistance to one of transformation points to the need for a more progressive

teacher education pedagogy Based on a proven Urban Diversity Teacher Education model this book provides theoretically driven practices for simultaneous renewal of teacher education in the university partnership schools and the communities they serve It links the sensitive issues of race ethnicity and culture to the broader equity social justice and diversity themes in Canadian society and institutions Teaching for Equity and Diversity will be useful to teachers graduate students in education teacher educators and cultural workers who are committed to inclusive and democratic schooling **Teaching Diversity and Inclusion** E. Nicole Meyer, Eilene Hoft-March, 2021-07-27 Teaching Diversity and Inclusion Examples from a French Speaking Classroom explores new and pioneering strategies for transforming current teaching practices into equitable inclusive and immersive classrooms for all students This cutting edge volume dares to ask new questions and shares innovative concrete tools useful to a wide variety of classrooms and institutional contexts far beyond any disciplinary borders This book aims to instill classroom approaches which allow every student to feel safe to share their truth and to reflect deeply about their own identity and challenges discussing course design assignments technologies activities and strategies that target diversity and inclusion in the French classroom Each chapter shares why and how to design an inclusive community of learners including opportunities to promote interdisciplinary approaches and cross disciplinary collaborations exploring cultures and underrepresented perspectives and distinguishing unconscious biases The essays also provide theoretical and practical strategies adaptable to any reflective teacher desiring to create a welcoming inclusive classroom that draws in students they might not otherwise attract This long overdue work will be ideal for both undergraduate and graduate students and administrators seeking fresh approaches to diversity in the classroom
