The articles presented in this book bring together educators work and experiences from around the world Indonesia Malaysia Nepal and Australia in the context of teaching English as a Foreign Language EFL This publication therefore offers a richness and diversity of contexts and experiences to its readers What sets this book apart is its balance between and explicit coverage of both research and the theoretical and practical aspects of teaching This project has been prompted by the increasing split between the fields of linguistics literatures and English language teaching and will uniquely address this gap Additionally the volume gives practical applications on how to use theories of linguistics and literary texts in the classroom This book provides undergraduate and graduate students teacher learners practicing teachers and teacher educators some theoretical and contextual knowledge of English language teaching practices and settings Articles in this book can be used as supplementary texts for courses in the areas of English Language Teaching pre service and in service teacher education applied linguistics literature and language and culture studies

Inductive or Deductive? Karen Glaser, 2014-10-17 This book presents a longitudinal quasi experimental classroom study into the effects of inductive and deductive instruction on the acquisition of pragmatic competence in adult English as a Foreign Language learners Set within the explicit teaching paradigm it presents the first systematic analysis of the contrast between inductive and deductive teaching methods in instructional pragmatics Two learner groups were taught about disagreement and offer refusal and their pragmatic skills were

Teaching Beginning Reading and Writing with the Picture Word Inductive Model Emily Calhoun, 1999 In this practical guide to teaching beginning language learners of all ages Calhoun encourages us to begin where the learners begin with their developed listening and speaking vocabularies and other accumulated knowledge about the world Engage students in shaking words out of a picture words from their speaking vocabularies to begin the process of building their reading and writing skills Use the picture word inductive model PWIM to teach several skills simultaneously beginning with the mechanics of forming letters to hearing and identifying the phonetic components of language to classifying words and sentences through forming paragraphs and stories based on observation Built into the PWIM is the structure required to assess the needs and understandings of your students immediately adjust the lesson in response and to use explicit instruction and inductive activities Individual small group and large group activities are inherent to the model and flow naturally as the teacher arranges instruction according to the 10 steps of the PWIM Students and teachers move through the model and work on developing skills and abilities in reading writing listening and comprehension as tools for thinking learning and sharing ideas

Using Literature to Teach English as a Second Language Membrive, Veronica, Armie, Madalina, 2020-05-22 Innovation has replaced stereotypical and old methods as an attempt to make English language

teaching and learning appealing effective and simple However teaching a second language through literature may be a paramount tool to consolidate not only students lexical and grammatical competences but also for the development of their cultural awareness and broadening of their knowledge through interaction and collaboration that foster collective learning Despite past difficulties literature's position in relation to language teaching can be revindicated and revalued Using Literature to Teach English as a Second Language is an essential research publication that exposes the current state of this methodological approach and observes its reverberations usefulness strengths and weaknesses when used in a classroom where English is taught as a second language In this way this book will provide updated tools to explore teaching and learning through the most creative and enriching manifestations of one language literature Featuring a range of topics such as diversity language learning and plurilingualism this book is ideal for academicians curriculum designers administrators education professionals researchers and students
