## Reading Assessment Tools

**Directions:** Complete each section of the matrix. Note that you will be selecting reading assessment tools that are appropriate for students in your grade band and content area or the grade band and content area you are in for your field experience setting.

Type of Assessment	Tool Description <i>List the name of the tool and describe its purpose in one sentence. Include a link to the tool if possible.</i>	Implementation Schedule <i>One sentence describing how often and when the tool should be implemented.</i>	Pros and Cons <i>List at least one pro and one con for implementing each tool in the content area classroom.</i>
Grade Band (Select <b>K-3</b> or 4-8):			
Universal Screening	Universal screening is the first step to finding out which students are experiencing reading difficulties and who might need extra help. <a href="https://www.readingrockets.org/article/test-practice-rtc-universal-screening">https://www.readingrockets.org/article/test-practice-rtc-universal-screening</a>	Universal screening is usually done at the beginning of the school year in K-3 <sup>rd</sup> grade (2013). Another screening will be done at mid-year to see how the student is doing and if they need more interventions or not.	<b>Pros:</b> This can help a teacher find out exactly what the student needs to succeed.  <b>Cons:</b> If the student does not improve through each screening the teacher may have to find more ways to help. This may cause the student to fall far behind the rest of the class.
