Spiritual Gifts Jennifer Anne Cox,2018-01-18 Spiritual Gifts A Christ Centered Perspective is just that centered on Christ It provides a new perspective on spiritual gifts seeing the person and work of Christ as the foundation for the gifts of the Spirit The coming of Jesus into the world opens the way for the whole people of God to be indwelt by the Holy Spirit and to

share in God's work in the world. The book takes a broad New Testament approach to exploring the gifts carefully examining the meaning of the gifts by considering the Gospels, Acts and the epistles. The focus is on seeing each gift as an extension of what Jesus did in his ministry. The gifts of the Spirit equip the church to carry on Jesus' work. Every gift is a means of proclaiming the gospel. God gives his gifts with two purposes in mind: to build the church by bringing people to Christ and to build up the church by maturing each believer. Consequently, Pentecostals, Charismatics and conservative Christians alike must embrace spiritual gifts because God desires to transform the world through his equipped people. Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07. Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In The Encyclopedia of Christian Education, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, The Encyclopedia of Christian Education contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day; denominational and institutional profiles; intellectual traditions in Christian education; biblical and theological frameworks; curricula; missions; adolescent and higher education; theological training; and Christian pedagogy.
