Navigating The

Digital Shift: Implementation Strategies for Blended and Online Learning John Bailey, Carri Schneider, Tom Vander Ark, 2013-10-09 Our nation's schools stand at an important inflection point in the history of education. Taken together, the implementation of common college and career standards, the shift to next generation assessments, the availability of affordable devices, and the growing number of high quality digital instructional tools create an unprecedented opportunity to fundamentally shift the education system to personalize learning around the individual needs of every student. Digital Learning Now (DLN), a national initiative under the Foundation for Excellence in Education (ExcellinEd) in association with Getting Smart, brings *Navigating the Digital Shift: Implementation Strategies for Blended and Online Learning* to readers interested in exploring the implementation challenges at the intersection of these shifts. Co-authored by John Bailey, Carri Schneider, and Tom Vander Ark, *Navigating the Digital Shift* offers updated versions of the eight papers originally released in the DLN Smart Series, including contributions from 11 additional co-authors representing leading organizations such as Public Impact, the International Association for K-12 Online Learning (iNACOL), and The Learning Accelerator. Topics include blended learning, implementation, teaching conditions, and career competency-based learning. Student data, online learning myths, and student-based funding. Jeb Bush, Governor of Florida from 1999-2007 and Chairman of ExcellinEd, contends that the book provides policymakers and education leaders the tools they need to use digital learning as a catalyst for improved student achievement. AASA 2013 Superintendent of the Year Dr. Mark Edwards believes the collection provides meaningful, practical, and poignant advice, as well as commentary regarding the move to college and career-ready standards associated with the shift to personal online learning and digital resources. Rhode Island's Commissioner of Elementary and Secondary Education, Deborah Gist, describes the book as an invaluable resource that will help educators reimagine what our schools can look like and what our students can accomplish.

Effective School Leadership in Challenging Times Liz Browne, 2020-12-29 Education leadership has been subject to a period of turmoil with rapid social change, political demands for excellence, economic pressures for austerity, and the influence of technology impacting on leadership roles in multiple ways. This book draws on real examples of practice to identify the key challenges facing educational leadership and how these might be overcome, drawing on recent research and interventions that have impacted positively on learner outcomes and teacher retention. Covering all aspects of leadership, including school improvement, vision and values, working with partners, and leading change, the book launches the concept of atomic leadership, advocating small steps to change for maximum momentum and large-scale impact. It reveals how leaders can cooperate to trial new ways of learning and disseminate their successes and failures with a new honesty and openness about what works in our schools. With reflective tasks in every chapter, this text will inspire debate and inform discussion at staff meetings and is essential reading for all school leaders, as well as those undertaking master-level courses in educational leadership and/or pursuing the National Professional Qualifications in leadership.
