Wolff, 2012-12-06 *Suender and catch* give so you can receive where the giving is your whole self in a total experience This is scarcely new on the American scene and it is ancient knowledge East and West The fears of total surrender the fears of self revelation and of total abandon although genuine are likewise not new Yet Kurt H Wolff does attempt something new here an epistemological essay with the help of this old idea his subtitle is experience

and inquiry today He tries to formulate an integrated view which incorporates in the theory of total experience not only the accepted component esthetics religion the recent American experience but also a metaphysics a phenomenology a theory of perception a social philosophy and a methodology of the social sciences even a philosophy of history and psychopathology Phenomenology especially Alfred Schutz the critical Frankfurt school especially Adorno and Marcuse sociology especially Georg Simmel and existentialism especially Camus are tied in together It all looks topsy turvy at first We have here scraps of a diary fragments of correspondence a stray adolescent love letter notes on notes on field work and notes and comments on tutorial seminars plus long excerpts from students essays a stray paper in a learned journal summarizing the core of the book comments piled on comments and a web of self references literary criticisms and pieces of poetry plus a rich scholarly apparatus
