**for Children Through the Secondary Curriculum** Lizzy Lewis, Nick Chandley, 2012-05-31 Philosophy for Children P4C is an approach to learning and teaching that aims to develop reasoning and judgement. Students learn to listen to and respect their peers' opinions, think creatively and work together to develop a deeper understanding of concepts central to their own lives and the subjects they are studying. With the teacher adopting the role of facilitator, a true community develops in which rich and meaningful dialogue results in enquiry of the highest order. Each chapter is written by a leading P4C expert and provides an introduction to the relationship between P4C and the subject area, lesson stimuli and activities for extending and deepening students' thinking. The book includes guidance on how to embed P4C in curriculum subjects in a crowded and demanding secondary curriculum timetable, troubleshooting advice for the teacher-turned-facilitator, a companion website containing useful links, downloadable resources and material to display on your interactive whiteboard. Edited and collated by the UK's leading P4C organisation, this book introduces a rationale for using and adapting P4C in the secondary curriculum.

*Education in the Age of Misinformation* Lana Parker, 2023-06-23 This edited volume examines the implications of misinformation and youth digital life in a new information environment. This new information environment is characterized by high levels of user engagement, hidden algorithmic manipulations and information abundance, including misinformation and disinformation. While misinformation and disinformation in the post-truth era have been previously investigated, this edited volume offers a distinctive educational focus that scholars have not yet addressed. Chapters contribute to the ongoing discussion of the role of education in democracies while uniquely contextualizing the problem of misinformation as a pedagogical opportunity. Contributions from across the globe answer the question of how education might respond to the changing information environment through engagements with educational philosophy, democracy and everyday practices of teaching and learning. The book adds to a growing body of work exploring what it means to engage in responsive rather than reactive or stagnant pedagogy.

**Teaching for Social Justice and Sustainable Development Across the Primary Curriculum** Anne Marie Kavanagh, Fionnuala Waldron, Benjamin Mallon, 2021-03-21 This volume supports educators in integrating meaningful education for social justice and sustainability across a wide range of curricular subjects by drawing on educational theory, innovative pedagogical approaches and creative ideas for teaching and learning. Both practical and theoretical in its approach, it addresses subject areas ranging from mathematics to visual arts to language teaching. Chapters provide subject entry points for teachers seeking to embed social justice and sustainability principles and pedagogies into their work. Transferable across various areas of learning, a range of pedagogical approaches are exemplified, ranging from inquiry approaches to ethical dilemmas to critical relational pedagogies. Ready-to-use teaching exemplars, activities and resources address issues which are of interest and relevance to children's lives, including gender stereotyping, racism, heterosexism, climate change and species extinction. Practical guidance is provided on how to engage children in dialogue and reflection on these complex issues in a safe and ethical way. This accessible and unique volume is essential reading for
