Yet over the past 2500 years this lovely religion that preaches compassion, generosity, tolerance, selflessness, and self-awareness has commanded the fervent devotion of hundreds of millions of people around the world who believe it to be the true path to enlightenment. If you're curious about Buddhism but feel intimidated by all the exotic jargon and strange trappings, this book is for you. Written by two leading American Buddhist teachers and scholars, it offers you a uniquely friendly way to explore the fascinating history of Buddhism and discover who Buddha was and his significance in world history and spirituality. How the practice of Buddhism can enrich your everyday life. How Buddha's teachings combine to create a path to enlightenment. Daily observances and meditation practices. How to fulfill your highest potential through Buddhism. In plain English, experts Jonathan Landaw and Stephan Bodian define the important terms, explain the key concepts, and explore in depth a wide range of topics including Buddha's life and teachings and the evolution of the major Buddhist traditions. How Buddhism works as a religion, philosophy of life, and a practical approach to dealing with life's problems, all rolled into one. The idea that the mind is the source of all happiness and suffering. How the practices of wisdom and compassion can connect you with your inner spiritual resources. Meditation and other core Buddhist practices and how they can affect your everyday life. How to apply Buddhist teachings at each stage along the spiritual path. Whether you're a searcher of truth, a student of religions, or just curious about what's got Richard Gere and all the rest of those celebrity Buddhists so excited. Six Stages on the Spiritual Path Ruth Whitney, 2021-05-21 In *Six Stages on the Spiritual Path* we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love. Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving. In the first stage on the mystic way, children experience awe and wonder but they do not realize that this is a spiritual experience. While all indigenous people recognize awe as a mystical experience, only some adults and most artists do. When parents and religious leaders teach children about God, they cause their spiritual growth to flourish or to become stunted at an elementary school level. Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us. Awakening produces love for our neighbors and ourselves. Then love nurtures more awakenings. Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE. Illumination creates more love for all people and all the universe.

The Three-Petalled Rose Ronald W. Pies, 2013-01-29 This is a book for anyone who wants to live the good life but who has not yet found a clear path to that goal. By examining the common threads that unite three great spiritual traditions—Judaism, Buddhism, and Stoicism—the author provides a framework for achieving a fulfilled and ethically responsible life. The author helps the reader take the spiritual nutrients from these three ancient traditions and transform them into a life of beauty, order, and purpose. No scholarly expertise or special knowledge of religion is required to understand this book, nor need the reader believe in a supreme being.

Lepard,2005 In a groundbreaking book that calls on the world s religions to look at what they have in common author and scholar Brian Lepard offers hope to a world community that has become dangerously fractionalized by economic social religious and political differences In Hope for a Global Ethic Lepard cogently argues that different societies have much more in common than they might otherwise think beginning with a profound historic and lasting belief in religion and that our fearful and often suspicious view of other people may be overcome by exploring what is shared in these religions Hope for a Global Ethic moves significantly beyond ideology to discuss the values that all people have shared through the faiths of the world It is these values that offer hope in our fearful disordered and terrorized world **Death and Religion in a Changing World** Kathleen Garces-Foley,2006
