The Teacup Ministry and Other Stories Rhoda H. Halperin, 2010-07-05 In the global world of the twenty first century class boundaries are subtle and permeable though real nonetheless Markers of identity authenticity and belonging can change with a gesture or a glance making people feel they do or don't belong in certain places with certain people at certain times In these powerfully written ethnographic stories Rhoda Halperin maps the boundaries of class by examining three themes crossing class boundaries class creativity and class vulnerability In telling these stories Halperin draws on a wealth of ethnographic experiences in this country and abroad Her book challenges class stereotypes in ways that touch on universals across cultures and over time
