Library, 1970 A shelflist is the record of the books in a library arranged in the order in which they appear on the shelves It has traditionally served two main purposes as an inventory record of the books in the library and as an indispensable tool for assigning new numbers to books that are added to the collection Creachadh na clàrsaich Derick S. Thomson, 1982 This volume contains most of the work from the poet's published collections *An Dealbh Briste* 1951 *Eadar Samhradh is Foghar* 1967 *An Rathad Cian* 1970 *The Far Road* 1971 and *Saorsa agus an Iolair* 1977 together with much of his more recent work presented in the final section The line for line English translations which accompany most of the poems will help a wider public to appreciate that here we have not only a Gaelic poet of very great distinction but also one of the best Scottish poets now writing and that it is possible to write well and to consider major contemporary issues in a language which though not so widely spoken or read as English has still a powerful poetic tradition to which this work makes a rich and variously significant contribution Klappentext **Fear-tathaich nam Beann** ,1848
