**Annual Bibliography of English Language and Literature** ,      *Hollywood's Imperial Wars* Armando José Prats,2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando Jos Prats explores in *Hollywood s Imperial Wars* The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood s earlier representations of Americans at war from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter* *Apocalypse Now* and *Platoon* As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats s analysis were forever altered by the loss in Vietnam Even movies like *American Sniper* that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts      **Paradise Lost** G. K. Hunter,2019-01-03 First published in 1980 *Paradise Lost* was once a favourite text for family reading today it is confined to the educational system which treats it as an object to be investigated rather than a subject that demands response Professor Hunter writes inevitably for an audience of literary students but he invites them to consider *Paradise Lost* as a text that must be enjoyed before it can be explained He understands the need to explain complexities but is mainly concerned with the onward flow of our engagement with an ancient poem Milton s narrative technique is explored as a system which both encourages and frustrates our native sense of story His poetic power is shown to grow from our assent to its brilliant evocation of as if fictions Milton is a master of audience manipulation of dramatic tension and intellectual paradox These characteristics are described in the context of the task the poem sets itself to tell the untellable and describe what no man has ever seen The power of Milton s art is traced through his rehandling of Homer and Virgil and in his daringly individual fidelity to scripture Professor Hunter does not try to smooth away the contradictions

inherent in Milton's ambition to write an English classical Christian epic. He rather stresses the contradictions as cues to a properly alert reading. And this is what the book aims at above all: a response to *Paradise Lost* which is alert to poetry and un-intimidated by scholarship.
