Adolescent Development Gerald R. Adams,2000-02-21 Adolescent Development The Essential Readings provides students with a selection of some of the key articles by key researchers in this fast growing area of developmental psychology

Digitalisation and Development Dibyendu Maiti,Fulvio Castellacci,Arne Melchior,2019-12-03 This book investigates the impact of information and communication technologies ICTs on development and well being beyond economic benefits and highlights some emerging issues relating to the realities constraints and digital divides with particular reference to India It collects a series of novel contributions studying the Indian experience in an international cross country perspective The book also discusses economic social and behavioural aspects of well being as well as access to ICTs across regions states and individuals to account for the digital divide The book establishes an aggregate relationship between ICT exposure and well being at the country level and addresses a number of fundamental issues such as whether ICT raises the level of transparency and governance Based on case studies and anecdotal evidence it then further assesses the effective implementation of service delivery through ICT innovations The book is divided into four parts The introductory part surveys the literature and presents background information on the Indian case introduces the main themes on the relationships between ICT socio economic development and digital divides and provides a summary and roadmap to the chapters of the book Part II focuses on the impact of ICT on economic performance including economic growth productivity and trade Part III examines the extent of the digital divides in India including international regional as well as inter personal inequality Finally Part IV investigates the impact of ICT on governance users well being and social outcomes Combining insights from analyses of a variety of socio economic dimensions related to digitalisation this book is relevant for a wide range of scholars and researchers across disciplines as well as practitioners and policy makers While the book has a main focus on India various contributions take an international cross country comparative perspective and the results have general relevance for digitalisation and development On the whole the main message of this book is that the impact of ICTs is contingent upon other assets capabilities and institutional conditions National policies should therefore not only promote digitalization as such but also ensure its co evolution and complementarity with a variety of other country specific factors Chapter Digitalisation and Development Issues for India and Beyond of this book is available open access under a CC BY 4 0 license at link.springer.com *Current Catalog* National Library of Medicine (U.S.),1967 Includes subject section name section and 1968 1970 technical reports *Studies of the Australian Adolescent* John K. Collins,1975 **Adolescence in Urban India** Shagufa Kapadia,2017-10-11 Set against the backdrop of social change and globalization this book presents the contents and

contours of adolescence in contemporary urban India Based on the trends derived from a series of mixed method studies with adolescent girls and boys and parents from urban upper middle class families it explores adolescents and parents interpretations of the stage of adolescence illustrates views on parenting and discusses approaches to interpersonal disagreements to derive a framework of the parent adolescent relationship Drawing from the cultural contextual perspective of human development the book in its essence offers a culturally and contextually sensitive model of adolescence that is shaped along the central tenets of family interdependence harmony and sensitivity to parental concerns Highlighted as well are aspects that have remained mostly unexplored for example adolescents capacity for empathy and perspective taking and emerging issues of autonomy in a primarily relational culture At a broader level the book reflects upon the interplay of cultural continuity and change and contributes to an understanding of globalizing influences on human development Overall the depiction of adolescent development captured in the book has significant implications for enhancing family relationships and fostering self growth elements that are crucial for positive youth development The book will be of immense use to scholars in human development psychology and allied fields as well as to practitioners who work with adolescents

Readings in Adolescent Development and Behavior John P. Hill, 1971
