Jeffrey S. Gurock, 2018-05-15 Sixteen senior scholars of American Jewish history converse on the intellectual and personal roads they have traveled in becoming leaders in their areas of expertise They also imagine and chart the direction the writing on American Jews will take in the coming era **Critical Studies in American Jewish History** American Jewish Archives

(Cincinnati, Ohio), 1971 *Translating a Tradition* Ira Robinson, 2008 Divided into three sections this work explains how the concepts and practices of traditional European Judaism were adapted to North American culture beginning in the late nineteenth century Part I focuses on the ideas and activities of Cyrus Adler 1863-1940 one of the most prominent leaders of the traditionalist United States Jewish community in his era The issues in these essays include the origins of American Jewish history as a field of study the Kehilla experiments of the early twentieth century and the relationship between the Jewish Theological Seminary and Orthodox Judaism Part II deals with the beginnings of Hasidic Judaism in North America prior to the Second World War It also includes several studies investigating the shaping of the worldview of Orthodox Judaism in contemporary North America Part III examines the issue of contemporary American Jewish attitudes toward evolution and intelligent design [How America Met the Jews](#) Hasia R. Diner, 2017-12-29 Explore how American conditions and Jewish circumstances collided in the nineteenth and early twentieth centuries In this new book award winning author Hasia R Diner explores the issues behind why European Jews overwhelmingly chose to move to the United States between the 1820s and 1920s Unlike books that tend to romanticize American freedom as the force behind this period of migration or that tend to

focus on Jewish contributions to America or that concentrate on how Jewish traditions of literacy and self help made it possible for them to succeed Diner instead focuses on aspects of American life and history that made it the preferred destination for 90 percent of European Jews Features Examination of the realities of race immigration color money economic development politics and religion in America Exploration of an America agenda that sought out white immigrants to help stoke economic development and that valued religion as a force for morality American Jewish Archives: Critical Studies in American Jewish history ,1971 *American Jewish Archives: Critical Studies in American Jewish history* ,1971
