Studies In The American Renaissance 1993 Studies In The American Renaissance:

Fuller in Her Own Time Joel Myerson, 2008-09 Writer editor journalist educator feminist conversationalist and reformer Margaret Fuller 1810 1850 was one of the leading intellectuals of nineteenth century America as well as a prominent member of Concord literary circles Yet the challenging spirit behind her intellectual confidence and mesmerizing energy led to the invention of an unbalanced legacy that denied her a place among the canonical Concord writers This collection of first hand reminiscences by those who knew Fuller personally rescues her from these confusions and provides a clearer identity for this misrepresented personality The forty one remembrances from Nathaniel Hawthorne Oliver Wendell Holmes Ralph Waldo Emerson Thomas Carlyle Harriet Martineau Henry James and twenty four others chart Fuller s expanding influence from schooldays in Boston meetings at the Transcendental Club teaching in Providence and Boston work on the New York Tribune publications and conversations travels in the British Isles and life and love in Italy before her tragic early death Joel Myerson s perceptive introduction assesses the pre and postmortem building of Fuller s reputation as well as her relationship to the prominent Transcendentalists reformers literati and other personalities of her time and his headnotes to each selection present valuable connecting contexts The woman who admitted that at nineteen she was the most intolerable girl that ever took a seat in a drawing room whose *Woman in the Nineteenth Century* is considered the first major book length feminist call to action in America never conformed to nineteenth century expectations of self effacing womanhood The fascinating contradictions revealed by these narratives create a lively lifelike biography of Fuller s rare gifts and solid acquirements and unfailing intellectual sympathy

American Romanticism and the Popularization of Literary Education Clemens Spahr, 2022-03-03 *American Romanticism and the Popularization of Literary Education* focuses on three Romantic educational genres and their institutional and media contexts the conversation literary journalism and the public lecture The genres discussed in this book illustrate the ways in which the Transcendentalists engaged nineteenth century media and educational institutions in order to fully realize their projects The book also charts the development from the semi public conversational platforms such as Alcott s Temple School and Fuller s conversations for women in the 1830s to the increasingly public periodical culture and lecture platforms of the 1840s and the early 1850s This expansion caused a reconsideration of the meaning and function of Romanticism

Prospects for the Study of American Literature Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith

Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain *The Cambridge Companion to Ralph Waldo Emerson* Joel Porte (ed), Sandra Morris, 1999-04-28

Toward a Female Genealogy of Transcendentalism Jana L. Argersinger, Phyllis Cole, 2014 The first large scale collaborative study of women's voices and their vital role in the American transcendentalist movement Many of its seventeen distinguished scholars work from newly recovered archives and all offer fresh readings of understudied topics and texts shedding light on female contributions **Understanding Emerson** Kenneth S. Sacks, 2021-01-12 A seminal figure in American literature and philosophy Ralph Waldo Emerson is considered the apostle of self reliance fully alive within his ideas and disarmingly confident about his innermost thoughts Yet the circumstances around The American Scholar oration his first great public address and the most celebrated talk in American academic history suggest a different Emerson In Understanding Emerson Kenneth Sacks draws on a wealth of contemporary correspondence and diaries much of it previously unexamined to reveal a young intellectual struggling to define himself and his principles Caught up in the fierce dispute between his Transcendentalist colleagues and Harvard the secular bastion of Boston Unitarianism and the very institution he was invited to honor with the annual Phi Beta Kappa address Emerson agonized over compromising his sense of self reliance while simultaneously desiring to meet the expectations of his friends Putting aside self doubts and a resistance to controversy in the end he produced an oration of extraordinary power and authentic vision that propelled him to greater awareness of social justice set the standard for the role of the intellectual in America and continues to point the way toward educational reform In placing this singular event within its social and philosophical context Sacks opens a window into America's nineteenth century intellectual landscape as well as documenting the evolution of Emerson's idealism Engagingly written this book which includes the complete text of The American Scholar allows us to appreciate fully Emerson's brilliant rebuke of the academy and his insistence that the most important truths derive not from books and observation but from intuition within each of us Rising defiantly before friend and foe Emerson triumphed over his hesitations redirecting American thought and pedagogy and creating a personal tale of quiet heroism **Understanding Emerson** Kenneth Sacks, 2003-03-30
