Studies In The History Of Transjordan 1920 1949 The Making Of A State:

Israel, the Hashemites, and the Palestinians Efraim Karsh, P. R. Kumaraswamy, 2003 The essays that make up this study provide a wide ranging survey of the special relationship that exists between the Israelis and the Hashemite family This relationship is shown to have far reaching implications for Middle Eastern affairs

Studies In The History Of Transjordan, 1920-1949 Uriel Dann, 2019-07-23 This collection of papers examines in the inductive manner of political history a number of events and crises from 1920 to 1949 that have shaped the modern state of Jordan describing the when the how and the why

The Making of the Arab-Israeli Conflict, 1947-1951 Ilan Pappé, 2025-02-20 This seminal text by renowned Israeli historian Ilan Pappé discusses one of the most significant periods in the Arab Israeli conflict Based on archival material it presents the reader with a comprehensive and general history of the origins and consequences of the 1948 war While among Arabs and especially Palestinians the events of that year are known as the nakba the catastrophe the trauma the disaster for Jews and in particular for Israelis their victory in the war of 1948 is a veritable miracle For them against tremendous odds and through heroic military effort the Jewish community succeeded in thwarting attempts by the Arab states to destroy it Pappé shows here that in sharp contrast to the recollections and myths of both sides the military events of 1948 were not decisive The victory of the Zionist organization and the fate of the Palestinians was determined by politicians on both sides in the discussions and decisions of the United Nations in 1947 8 and in the Arab League long before a shot had been fired He argues that Israel's failure to take advantage of the genuine opportunity for peace with the Arabs at the UN sponsored Lausanne Conference in 1949 resulted in the prolonged and tragic conflict between Israel and the Arab states still very much alive today Complete with a new foreword by the author the book remains the authority on the subject for a new generation of readers

The Hashemite Emirate of Transjordan. PAOLO MAGGIOLINI, 2014-05-15

The Politics of National Celebrations in the Arab Middle East Elie Podeh, 2011-06-30 Why do countries celebrate defining religious moments or significant events in their history and how and why do their leaders select certain events for commemoration and not others This book is the first systematic study of the role of celebrations and public holidays in the Arab Middle East from the fall of the Ottoman Empire to the present By tracing the history of the modern nation state through successive generations the book shows how Arab rulers have used public holidays as a means of establishing their legitimacy and more broadly a sense of national identity Most recently some states have attempted to nationalize religious festivals in the face of the Islamic revival With its many illustrations and copious examples from across the region the book offers an alternative perspective on the history and politics of the Middle East

Economic Liberalisation, Social Capital and Islamic Welfare Provision J. Harrigan, H. El-Said, 2009-02-25 This book looks at two aspects of Islamic activity in the Middle East and North Africa the development of social capital and the provision of welfare services within the context of economic liberalisation programmes

to see whether the retrenchment of the state under liberalisation has created a space for Islamic based activities **The Making of Jordan** Yoav Alon,2007-03-30 At the beginning of the 20th Century Jordan like much of the Middle East was a loose collection of tribes By the time of its independence in 1946 it had the most firmly embedded state structures in the Arab world Drawing on previously untapped sources Yoav Alon examines how the disparate clan networks of Jordan were integrated into the Hashemite monarchy with the help of the British colonial administrators Taking a grassroot perspective Alon looks at how the weak state institutions introduced by the Ottomans developed in British administered Jordan He shows how these institutions co opted the structures of tribal society and produced a distinctive hybrid between modern statehood and tribal confederacy which still characterises Jordan to this day Key figures emerge in the story of Jordan s transformation such as John Glubb the charismatic Arab Legion commander who perceived the power of the nomadic tribes and sought to harness it to imperial Britain s statebuilding agenda Alon s innovative approach to the origins of modern Jordan provides fresh insights not only into Jordan itself but into colonialism modernity and the development of the state in the Middle East

Arab Nationalism in the Twentieth Century Adeed Dawisha,2016-02-16 Like a great dynasty that falls to ruin and is eventually remembered more for its faults than its feats Arab nationalism is remembered mostly for its humiliating rout in the 1967 Six Day War for inter Arab divisions and for words and actions distinguished by their meagerness But people tend to forget the majesty that Arab nationalism once was In this elegantly narrated and richly documented book Adeed Dawisha brings this majesty to life through a sweeping historical account of its dramatic rise and fall Dawisha argues that Arab nationalism which he says was inspired by nineteenth century German Romantic nationalism really took root after World War I and not in the nineteenth century as many believe and that it blossomed only in the 1950s and 1960s under the charismatic leadership of Egypt s Gamal Abd al Nasir He traces the ideology s passage from the collapse of the Ottoman Empire through its triumphant ascendancy in the late 1950s with the unity of Egypt and Syria and with the nationalist revolution of Iraq to the mortal blow it received in the 1967 Arab defeat by Israel and its eventual eclipse Dawisha criticizes the common failure to distinguish between the broader cultural phenomenon of Arabism and the political secular desire for a united Arab state that defined Arab nationalism In recent decades competitive ideologies not least Islamic militancy have inexorably supplanted the latter he contends Dawisha who grew up in Iraq during the heyday of Arab nationalism infuses his work with rare personal insight and extraordinary historical breadth In addition to Western sources he draws on an unprecedented wealth of Arab political memoirs and studies to tell the fascinating story of one of the most colorful and significant periods of the contemporary Arab world In doing so he also gives us the means to more fully understand trends in the region today Complete with a hard hitting new and expanded section that surveys recent nationalism and events in the Middle East Arab Nationalism in the Twentieth Century tells the fascinating story of one of the most colorful and significant periods in twentieth century Middle Eastern history **Winston S. Churchill and the Shaping of the Middle East, 1919-1922**

Sara Reguer, 2021-03-02 Can one individual influence the course of history In the example of Churchill and the Middle East during post World War I the answer is an irrefutable yes Winston S Churchill first as Secretary for War and Air and then as Colonial Secretary both formulated and enacted the British imperial mandate policy for Iraq and Palestine thereby laying the groundwork for issues that are still relevant today including conflicts in Israel internal political upheavals in Iraq The complicated historical intricacies of the postwar period combined with a variety of personal and political confrontations are at the core of Churchill s decisions and finally his parliamentary successes While most books on Churchill attempt to cover the course of his political and personal career this volume exclusively focuses on the Middle East during the formative years of 1919 1922 and explores the foundations of some of the Middle East s most problematic issues today
