Studies In The Romanization Of Italy:

Studies in the Romanization of Italy Mario Torelli,1995 Torelli's articles have been translated into English to form a unified treatment of the subject to provide a summa of recent work on a topic of major interest and relevance to all students and scholars of ancient Italy **Romanization of Italy** Mario Torelli,1995 A Companion to Roman Italy Alison E. Cooley,2016-01-05 A Companion to Roman Italy investigates the impact of Rome in all its forms political cultural social and economic upon Italy's various regions as well as the extent to which unification occurred as Rome became the capital of Italy The collection presents new archaeological data relating to the sites of Roman Italy Contributions discuss new theories of how to understand cultural change in the Italian peninsula Combines detailed case studies of particular sites with wider ranging thematic chapters Leading contributors not only make accessible the most recent work on Roman Italy but also offer fresh insight on long standing debates From Safin to Roman: Cultural Change and Hybridization in Central Adriatic Italy

Oliva Menozzi,2024-06-06 The Central Adriatic Apennines roughly modern Abruzzo was occupied in antiquity by Italic populations variously termed Sabelli Sabellics or Sabellians The region in general has received little scholarly attention internationally compared with Tyrrhenian Italy although the last three decades have been very rich in excavations and finds

Urban Transformation in Ancient Molise Elizabeth C. Robinson,2021-04-18 This book uses the available evidence to create a site biography of Larinum from 400 BCE to 100 CE concentrating on its urban transformation during the Roman conquest By focusing on local level agency it demonstrates strong local continuity in Larinum and its territory This work highlights the importance of local isolated variability in studies of the Roman conquest and provides a narrative that supplements larger works on this theme **Globalizing Roman Culture** Richard Hingley,2005-02-08 Richard Hingley here asks the questions What is Romanization Was Rome the first global culture Romanization has been represented as a simple progression from barbarism to civilization Roman forms in architecture coinage language and literature came to dominate the world from Britain to Syria Hingley argues for a more complex and nuanced view in which Roman models provided the means for provincial elites to articulate their own concerns Inhabitants of the Roman provinces were able to develop identities they never knew they had until Rome gave them the language to express them Hingley draws together the threads of diverse and separate study in one sophisticated theoretical framework that spans the whole Roman Empire Students of Rome and those with an interest in classical cultural studies will find this an invaluable mine of information **Religion in Republican Italy** Celia E. Schultz,Paul B. Harvey,2006-12-14 This book explores how recent findings and research provide a richer understanding of religious activities in Republican Rome and contemporary central Italic societies including the Etruscans during the period of the Middle and Late Republic While much recent research has focused on the Romanization of areas outside Italy in later periods this volume investigates religious aspects of the Romanization of the Italian peninsula itself The essays strive to integrate literary evidence with archaeological and epigraphic material as they consider the nexus

of religion and politics in early Italy the impact of Roman institutions and practices on Italic society the reciprocal impact of non Roman practices and institutions on Roman custom and the nature of Roman as opposed to Latin Italic or Etruscan religion in the period in question The resulting volume illuminates many facets of religious praxis in Republican Italy while at the same time complicating the categories we use to discuss it **Landscapes and Cities** John R. Patterson, 2006-10-19 This book investigates the relationships between city and countryside in Italy in the early Empire using evidence from archaeology literary texts and inscriptions It stresses the diversity of situations across Italy with a focus on individual towns and regions as well as on the broader picture BOOK JACKET **Public Land in the Roman Republic** Saskia T. Roselaar, 2010-07-22 In the first volume in this new series on Roman society and law Saskia T Roselaar traces the social and economic history of the ager publicus or public land identifying the developments in Roman economy and demography which led to a gradual process of privatization **Local Self-Governance in Antiquity and in the Global South** Dominique Krüger, Christoph Mohamad-Klotzbach, Rene Pfeilschifter, 2022-12-31 The nucleus of society is situated at the local level in the village the neighborhood the city district This is where a community first develops collective rules that are intended to ensure its continued existence The contributors look at such configurations in geographical areas and time periods that lie outside of the modern Western world with its particular development of society and statehood in Antiquity and in the Global South of the present Here states tend to be weak with obvious challenges and opportunities for local communities How does governance in this context work Scholars from various disciplines Classics Theology Political Science Sociology Social Anthropology Human Geography Sinology analyze different kinds of local arrangements in case studies and they do so with a comparative approach The sixteen papers examine the scope and spatial contingency of forms of self governance its legitimization and the collective identity of the groups behind them the relations to different levels of state governance as well as to other local groups Overall this volume makes an interdisciplinary contribution to a better understanding of fundamental elements of local governance and statehood
